Now, therefore, in exercise of the power conferred by the proviso to the sub-section (3) of section 29 of the Indian Forest Act, 1927 (XVI of 1927), the Governor is pleased, pending such inquiry and record, to declare with effect from the date of publication of the notification in the "Calcutta Gazette", such forest lands to be protected forests.

In the matter of an industrial dispute between Messrs. Calcutta Electric Supply Corporation Ltd., Victoria House, Calcutta-1, on the one hand and their workmen represented by the Bijli Mazdoor Union, 7B Rani Rashmoni Road, Calcutta-13 and the Calcutta Electric Supply Workers' Union, 35/B Nirmal Chandra Chanda Street, Calcutta-13. (Case No. VIII-307 of 1965.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

Government of West Bengal, in the Labour Department's order No. 4280-I.R./IR/10L-34/64, dated Calcutta, the 15th November 1965, referred an industrial dispute between Messrs. Calcutta Electric Supply Corporation Ltd., on the one hand and their workmen represented by the Bijli Mazdoor Union and the Calcutta Electric Supply Workers' Union, to this Tribunal for adjudication on the following issue :

Issue

Walking allowance.

After receipt of the reference notices were issued on the parties, who filed respective written statements.

The Calcutta Electric Supply Corporation Workers' Union in their written statement filed on 22nd December 1965 inter alia contended that Calcutta Electric Supply Corporation(hereinafter to be referred to as the company) is the premier unit in the country in the field of generation of thermal power and its resources and potentialities are inconceivably tremendous. The employees however did not get a fair deal although all categories of workmen contribute to the prosperity and reputation of the company. The workmen of the

company, particularly, those belonging to the Mains Department and the Central Stores were occasionally required to report for duty on the site of assigned work instead of their headquarters,i.e., reporting centres. Such employees are paid an allowance known as walking allowance on the basis of the distance from the respective headquarters to the worksite and notional compensation for the time taken to cover the distance. The company adopted a formula in determining this walking allowance and those drawing higher pay earn better walking allowance for covering the same distance. The Union prayed for an equitable and realistic criterion for fixing the walking allowance inasmuch as the compensation paid was not commensurate with the value of time in terms of money on the basis of individual earning. A demand for enhancement of walking allowance was accordingly put forward by the workers, without success. Consequently the matter was referred to a Tribunal for adjudication and the Union prayed for payment of walking allowance on the basis of payment of overtime wages calculated on double the amount of basic pay and dearness allowance and also for payment of actual expenses for the journey performed. with retrospective effect from the beginning of 1965.

Bijli Mazdoor Union in their written statement filed on 18th January 1966 inter alia contended that the system of walking allowance and their rates were prevalent since the year 1954. They contended that the workmen have to devote their own time in walking the distance to resume their duties from their residence or the places of reporting and as it is no part of their duty to walk the distance up to the worksite, time employed in walking should be calculated as part of the time employed in performing the duties allotted to the workmen. The rates thus allowed on the basis of mileage are not only meagre but it also does not provide for compensation for the time lost in transit. Moreover the payment of this allowance on the basis of the basic pay was unjust and inequitable and calls for a revision on a scientific basis and element of strain caused to the workmen must also be taken into account in fixing the walking allowance. This Union accordingly called for a revision of the existing rates of walking allowance on the basis of basic pay and dearness allowance.

The company in their written statement filed on 28th March 1966 inter-alia contended that all workmen are required to report each day at a fixed place and at a fixed time which are known as reporting centre and reporting time. In view of the nature of company's business some of these workmen are required to be employed at places other than the reporting centre which are known as worksites. When a workman is required to report at a worksite at the reporting time, instead of at the reporting centre, he is paid an allowance based on his basic wage and varying directly with the length of the journey between his reporting centre and worksite measured in a straight line. An allowance is given to him to compensate him for the cost of his journey to the place of work from his reporting centre at the rates shown in the schedule attached to the written statement. A workman who reports to the reporting centre at the reporting time and thereafter directed to proceed to a worksite is not paid any walking allowance and arrangement is usually made by the company for this journey. It was contended that the walking allowance was paid to the workmen in order to compensate them for the cost of the journey as mentioned above and the rates prescribed in the schedule was neither meagre nor unjust. The company denied that the payment of allowance on the basis of basic pay was unjust or outmoded and not commensurate with the value of time in terms of money on the basis of individual earnings. They further denied that the workmen concerned were not compensated for the strain if any, they have to undergo. Upon these and other contentions raised in the written statement, the company prayed that there was no scope for revision of the existing walking allowance rates.

Two Unions examined one witness Mahendra Roy (P.W.1) who is a mazdoor in the Mains Department in the Howrah District of Calcutta Electric Supply Corporation Ltd., whereas the company examined its Personnel Officer Mr. R. Robertson (O.P.W.1) who was in the employ of the company since 1932. According to O.P.W.1. employees from the long past used to operate from different reporting centres. They were sent to worksites from the reporting centres and as the practice grew it was evident that there was considerable lost of time in the process. In order to save time the employees were asked to report directly at the worksite from their residence and this practice had been in vogue for more than 20 years. To compensate these employees more or less for the cost of journey the company introduced a system of walking allowance payable on a scale according to distance measured in a straight line from the reporting centre to the worksite. This scheme was modified from time to time and it was last modified as per the award of the Third Industrial Tribunal, dated 15th September 1954. Average monthly walking allowance paid to the workmen during the period from May to September 1966 was of the order of Rs. 45,000.00 approximately. The employees drawing a basic salary between Rs. 44 to Rs. 200 per month were only eligible to get this allowance. No walking allowance is however paid to the workers who report to the reporting centre and thereafter taken to the worksite. According to this witness the present rates of walking allowance is sufficient and reasonable and did not call for any revision.

P.W.1 Mahendra Roy in his evidence gave certain instances where he had to report to the worksite from his residence covering a considerable distance and in the process had to forego breakfast at home and had to purchase his meal at the worksite which incidentally costs more. He prayed for equating the walking allowance rate with the overtime rates which is double the basic pay and dearness allowance.

The present system of walking allowance are as follows :—

Up to 3 miles	..	3/4 hour basic pay each way.
3 to 4 miles	..	1 hour basic pay each way.
4 to 5 miles	..	1 1/2 hour basic pay each way.
5 to 6 miles	..	2 hours basic pay each way.
6 to 7 miles	..	2 1/2hours basic pay each way.
Over 7 miles	..	Fare to nearest Tram/Bus stop and/or Railway Station plus Basic pay at the rate of 1/2 hour each way for every 3 miles.

N.B.—Distance from one station to other will be measured in a direct line. An extra 1/2 hour each way will be given for Calcutta based on working on the west bank of the river.

Appearances of the parties are as follows :

For the Company : Shri S. S. Bhattacharya of Messrs. Sanderson and Morgans, Solicitor.

For the Calcutta Electric Supply Workers' Union : Shri Panchanan Bhattacharjee.

For the Bijli Mazdoor Union : Shri Jagannath Pandey.

Decision

The existing rates of walking allowance have been challenged on three grounds :

Firstly, the basic wages paid to the workers are not real wages but it is much higher; secondly, the workers have to spend some time in reporting to the worksite for which they should be compensated by overtime wages plus usual transport charges and thirdly, method of calculation was incorrect inasmuch as the allowance was a short of wages which needs to be revised in the light of rise in the cost of living index.

As for the first objection, it is to be pointed out that the solution lies not in revising an allowance granted to a few of 8,000 employees of the company but in revising the basic wages for all the workers. The revision of the walking allowance rates will not solve the problem of basic wages now paid to a section of the workers and may at best compensate him for the transport charges incurred by him.

As for the second objection it is to be pointed out that the workers did not inveriably loss some time in reporting at the worksite, for, it may be that the worksite was nearer from his residence than the reporting centre, and by reporting at such worksite at the reporting time he can even gain some time. It is only in the case of a worksite situate further away from the reporting centre that he might be required to spend some extra time in reporting at the worksite and the question of compensating him could only arise in such a contingency. The company however compensated all the workers who are required to report at the worksite directly instead of at the reporting centre. In this connection it should not be lost sight of that the company also made some saving for, if the workers were to report at the reporting centre and then had to be transported to the worksite at company's expense, company would not only lose the time taken to transport the workers to the worksite but would also have to provide for the cost of transport to such place and these two taken together may be quite considerable. I shall presently examine the mode of calculation of the walking allowance with reference to the distance covered and actual transport charges likely to be incurred by a worker but no case in my view has been made out for acquating this allowance with the overtime allowance rates more particularly, when the workers are not required to work for extra time over and above his normal duty hours. It may be that in some cases the workers are required to start earlier from their residence for reporting to the worksite at the reporting time but the walking allowance granted to them not only covers the cost of transport but also leaves some margin in most cases.

Bijli Mazdoor Union in their written statement suggested higher rates of the walking allowance on the basic pay and dearness allowance. For example, they claim allowance at the rate of 2¼ hours basic pay and dearness allowance each way for the distance between 2 to 3 miles whereas the existing rate is 3/4th hours basic pay each way for the first three miles. These rates are undoubtedly much higher and if allowed will leave considerable margin at the hand of a worker after incurring actual transport charges. Such an upward revision in my view will be unreasonable and improper.

Let me now examine how the present rates worked out in relation to the distance covered on public transport. It is conceded that the rates were not revised even though there was upward revision of public transport charges in the city on seveal occasions. The minimum basic pay of a worker in this concern is Rs. 44 per month and the maximum pay for which walking allowance is admissible is Rs. 200 per month. So the basic pay for a worker drawing Rs. 44 per month would be 18P and that for a worker drawing Rs. 200 per month would be 83P per hour, calculated on the basis of 240 hours in a month. The Union contend that the basic pay for these categories of workers should be 23P and 105P respectively calculated on the basis of 192 hours per month. I have for the purpose of my calculation accepted the basis adopted by the company. It follows therefore that a worker drawing Rs. 44 per month as basic pay would be entitled to draw 27P as walking allowance for covering a distance of 3 miles. For covering a distance of 5 to 6 miles this worker will get 72P and for covering of a distance of over 7 miles he will in addition to actual fare to the nearest tram or bus stop, be entitled to draw allowance at the rate of ½ hour each way for every 3 miles. It thus comes up to about 36P plus usual transport charges. A worker drawing Rs. 200 as basic pay will similarly draw Rs. 1.25P as walking allowance for covering a distance up to 3 miles and Rs. 3.32 for covering a distance of 5 to 6 miles and Rs. 1.66 plus usual transport charges for distance exceeding 7 miles.

The Company provided me with a chart showing approximate State Bus fare for the distance of 1 to 7 miles and this chart has not been disputed by the Unions. It is therefore unnecessary to reproduce the chart here and I shall only give a few illustrations. A worker had to incur something like 30 P as transport charge both ways for covering a distance up to 3 miles, 40P for covering a distance from 3 to 4 miles, 50P for covering a distance from 5 to 6 miles and 60P for covering of distance of 7 miles. The lowest paid worker drawing basic pay of Rs. 44 per month would thus have to incur transport charge of 30P for a distance up to 3 miles for which he would be entitled to get 27P as walking allowance. The same worker would have to incur 50P as tranport charges for covering a distance of 5 to 6 miles for which he would be entitled to draw 72P as walking allowance. If this worker is required to break his journey, then he will have to incur still further expense by way of transport charges and

the resultant position may be that he will have to pay more than he gets as walking allowance, whereas a worker drawing Rs. 200 per month would be in every case gain considerable amount after paying for his transport charges and the inequality appears to be very great.

On behalf of the company it was sought to be contended that a worker drawing basic pay of Rs. 44 per month is not required to report at the worksite at the reporting time and the apprehension is therefore unfounded. It was further contended that an extra half an hours basic pay each way was also given to the Calcutta based workers working on the West Bank of the river Hooghly. There are no materials before the Tribunal to show how many Calcutta based workers were really working on the Western Bank of the river Hooghly or what amount they drew by way of walking allowance on this score. At any rate, these Calcutta based workers working on the West Bank of the River will certainly have to incur some extra transport charges and this extra allowance would be partly eaten up by the extra cost of transport. Judging from the foregoing illustrations, the allowance seems to operate favourably for those who drew higher basic pay and it was sought to be contended on behalf of the company that there was an automatic upward revision of the allowance as the workers earned their increment at the end of each year. Since the increment was small this upward revision will be insignificant and the company has not also taken into account the increase in the cost of transport in the city and around; this is likely to work to the disadvantage to those drawing minimum basic pay thereabout. Having regard to all the circumstances, I consider that the existing rate of walking allowance is fair and reasonable subject to this modification that a minimum must be set out for each scale, so that the lower paid workers did not have to incur any loss in reporting to the worksite.

Since the company will not have to incur any transport charges for carrying the workers from the reporting centre to the worksite and as the total man hour saved is not insignificant, it is meet and proper that the inequality should be reduced and the worker drawing lower basic wages also got something for the saving thus effected by the company. The existing system of walking allowance should therefore stand modified as follows :

Up to—3 miles	..	¾ hour's basic pay each way (subject to a minimum of 75P)
3 to 4 miles	..	1 hour's basic pay each way) (subjct to a minimum of 85P)
4 to 5 miles	..	1½ hours' basic pay each way (subject to a minimum of 95 P)
5 to 6 miles	..	2 hours' basic pay each way (subject to a minimum of Rs. Rs. 105P)
6 to 7 miles	..	2½ hours' basic pay each way (subject to a minimum of Rs. R.s 1.15P)
Over 7 miles	..	Fare to nearest train/bus stop, and/or railway station plus basic pay at the rate of ½ hours each way for every 3 miles or part thereof. (subject to a minimum of Rs. 1.25P).

(*a*) An extra 1/2 hour each way to be given to Calcutta based workers working on the West Bank of the River Hooghly.

(*b*) Employees of Mains Department attached to outlying districts (Howrah and Serampore) on the West Bank of the River Hooghly, to receive 1 hour's Walking Allowance per day in addition to Walking Allowance admissible to them in terms of the existing rules.

This is the award of the Tribunal which shall take effect from 1st of April 1967.

AWARD

The Government of West Bengal by Labour Department order No. 4139-I. R./IR/4L-56/66, dated the 17th October 1966, has referred the industrial dispute between Messrs. New Kashmir and Oriental Transport Private Ltd., and their workmen under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication.

The issue under reference is as follows :—

Issue

Whether the transfer of Shri Ram Sunder Gupta from Calcutta to Kanpur and consequent refusal of employment to him at Calcutta office are justified ? To what relief, if any, is he entitled ?

After the service of usual notices, the Company appeared and filed written statement on 15th December 1966. The Union did not file any written statement, though several opportunities were given to them for this purpose. An order was passed on 15th February 1967 to the effect that if the Union did not file any written statement by 10th March 1967, it would be presumed that there was no dispute pending. This order was communicated to the learned Advocate of the Union on 27th February 1967. On 10th March 1967 no written statement was filed as it was declared as holiday. The case was put up on 17th March 1967. On this date also no written statement was filed by the union.

The Union does not therefore press the question of transfer of Shri Gupta from Calcutta to Kanpur and the alleged refusal of employment to him at Calcutta office. I must therefore hold that the industrial dispute under reference is no longer in existence. This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

The Government of West Bengal, in the Labour Department, by its order No. 6632-I.R./IR/8L-41/60, dated Calcutta, the 29th November 1962, referred an industrial dispute between Shree Mahaluxmi Cotton Mills, P.O. Bengal Enamel, Palta, and their workmen represented by Shree Mahaluxmi Cotton Mills Employees, union to this Tribunal for adjudication on the following issue :

Issue

Are the employees of the Shree Mahaluxmi Cotton Mills entitled to get any customary puja bonus ? If so, at what rate and on what basis ?

After receipt of the reference, notices were issued upon the parties, who entered appearance and filed separate written statements. The question of puja bonus has been the subject-matter of an earlier reference before another Tribunal and it was held therein that the workmen are entitled to two months' puja bonus as a condition of service. This matter went up to the Labour Appellate Tribunal and the High Court on a petition by the company.

The Mahaluxmi Cotton Mills Ltd., came to be incorporated in the year 1938 and was run under the Managing Agency of Messrs. H. Dutta & Others Ltd. In January 1955, the company was ordered to be wound up by an order of the High Court and an interim liquidator was appointed. In November 1955 the interim liquidator was appointed receiver to run the mills and from 1955 to 2nd April 1960. Receiver was in charge of the Mills. Meanwhile in July 1959, official liquidator was directed to sell the mill to the high bidder and on 18th March 1960, Messrs. Gajraj Pannalal Ltd., purchased the mills and the sale was duly confirmed. On 2nd April 1960, the liquidator served a notice of termination of service on the existing employees and made over possession of the mills to the purchaser. On 5th April 1960 the employees were directed to appear before the new purchaser and resume work. Thereafter in July 1960 the employees applied before the Hon'ble Court for certain benefits. On 30th August 1960, the employees applied to the company for pujah bonus. Meanwhile bonus appears to have been paid by the liquidator from 1955 to 1958 and in 1961 present management made ex-gratia payment of 15 days' basic wage. In 1962 in course of a conciliation proceedings, 20 days' basic pay was agreed to be paid as pujah advance, to be deducted in instalments and finally an agreement was reached to refer the matter to a Tribunal for an adjudication on the issue of customary pujah bonus. The matter was originally heard by my predecessor, who by his award, dated 9th June 1964, found that the workmen were entitled to one month's basic pay as pujah bonus as a condition of service and made an award accordingly. The company thereupon moved the Hon'ble High Court under Article 226 of the Constitution, obtained a Rule which was made absolute on 20th June 1966. Hon'ble Court held that this Tribunal acted entirely beyond its jurisdiction in holding bonus as a condition of service as it was beyond the scope of reference. The award of this Tribunal was accordingly quashed and the Tribunal was directed to act in accordance with law.

The matter having been remitted back to this Tribunal it was heard afresh and several witnesses were examined in addition to one witness, examined previously.

The question now for decision is are the employees of Sree Mahalumxi Cotton Mills Ltd., entitled to get any customary pujah bonus, if so, at what rate and on what basis.

Appearances of the parties are as follows :

For the Company : Shri Nani Chakraborty, Advocate.

For the Union : Shri Madan Mohan Saha, Advocate.

On behalf of the company Shri Chakraborty has canvassed two points against granting customary pujah bonus to the employees of this concern. In the first place it is contended that the requirement of a customary pujah bonus not having been made out, the employees were not entitled to any customary pujah bonus and the question of customary bonus as a condition of service in view of the High Court decision does not arise. In the next place, it was sought to be contended that the present management having taken over the establishment not as a going concern but only the land, building and machineries, which were directed to be sold under orders of the Hon'ble High Court, the ownership and management was not transferred and the services of the employees was not continuous and uninterrupted. The union, on the other hand, contended that the workers were entitled to one month's basic pay as pujah bonus as a condition of service and the service of all the employees are continuous and uninterrupted. First contention of the union was negatived by the Hon'ble Court at the time of hearing of the Writ Petition and cannot as such be canvassed again. It now remains to be seen if the workers are entitled to any customary pujah bonus in the instant case.

Before discussing the legal position, it is necessary to briefly refer to the evidence adduced on this point. Shri S. Chakraborty (P.W.1), an employee in the Spinning Department of the company for the last 18/19 years, in his evidence stated that he was getting customary bonus equivalent to one month's wages from the very beginning of his service and they also got this bonus during the regime of the official liquidator. The witness further admitted in cross-examination that in 1960 this payment was in the shape of an advance and not as a bonus and in 1961 they also received 15 days' wages as ex-gratia payment. The witness denied that these payments were recovered from the workers P.W.2. Manindra Chanda Dey, who is the General Secretary of the union and a cleaner in the Spinning Department of the mill since 1947, did not say anything about the payment of bonus, customary or otherwise. R. N. Bose (O.P.W.1) Officemaster-cum-Secretary of Mahaluxmi Cotton Mills (P) Ltd., denied in his evidence that the new management ever gave any customary pujah bonus to the workmen and stated that the workers were only

given an advance of Rs. 20 by way of loan in 1960. The witness further stated that in 1961, the company made an ex-gratia payment to the workers and in 1962, the workers were given an advance by way of loan. Shri K. S. Bhattacharjee, who was accountant in the office of the official liquidator came to prove payment of bonus by the liquidator from 1955 to 1958. He denied that any bonus was paid in the year 1959. Another witness Bhabesh Bhattacharjee was examined on behalf of the company to prove that the mill did not function from 3rd to 5th of April 1960. From this evidence, it is established that one month's basic pay was paid as bonus during each of the years from 1955 to 1958 but in the years 1960 and 1962 certain amount was alleged to have been given as advance by way of loan whilst in 1961 it was an ex-gratia payment. There is no evidence on record to show that any bonus came to be paid regularly from 1938 to 1966 except a vague statement of P.W.1 Satyendra Chakraborty. The union in its written statement in paragraph 11 made out a case of payment pujah bonus as a condition of service from the time of Messrs. H. Dutta & Sons Ltd., uptil the pujah of 1959, but in view of the Hon'ble Court's decision in the Writ application, the union is not entiled to canvass this point any longer nor has the Tribunal jurisdiction to decide the matter in the present reference. That being the position, the Tribunal is required to adjudicate whether on the evidence adduced, a case of customary pujah bonus exists. A customary or traditional payment in the nature of pujah bonus was distinguished by the Supreme Court from pujah bonus as an implied term of employment in Graham Trading Company (India) Ltd., case reported in 1959 (II) L.L.J., page 303 where it was held that when the question of customary or traditional bonus arises for adjudication, the Tribunal will have to consider:

(1) Whether the payment has been over an unbroken series of years;

(2) Whether it has been given for a sufficient long period though the length of the period may depend on the circumstances of each case;

(3) The circumstances that the payment depended upon the earnings of profit would have to be excluded and therefore it must be shown that payment was made in the years of loss; and

(4) The payment must have been at an uniform rate throughout to justify an inference that the payment at such and such rate had become customary and traditional in the particular concern.

It will be noticed that the tests laid down were more stringent than the tests to be applied for proving a pujah bonus as an implied term of employment as laid down in Ispahani Ltd.'s case reported in the same volume at page 4. In the B. N. Ellias Co.'s case reported in 1960 (II) L.L.J., page 290, Supreme Court observed that there could be no customary bonus as such unconnected with some festival. The subject of customary and festival bonus however came to be further considered by the Supreme Court in the Vegetable Products case reported in 1965 (I) L.L.J., page 468, where it was laid down that the payment of such bonus must be made even in the years of loss provided there have been years of loss in the mean time. As to uniformity of rates, Supreme Court observed that it did not mean that uniformity should be established from the beginning to the end and it would do for the workers to prove that payment for a number of years at somewhat different but uniform rate was made at a subsequent stage than it was adopted at the initial stage and the Tribunal would then be justified in coming to the conclusion that the payment was at a uniform rate after ignoring the payment for the first few years. In the above cited case bonus was paid unconditionally at the same rate for last 3 years and at a different rate the first two years. In 1959 the bonus was paid ex-gratia under the terms of settlement and was accepted as such by the concerned workmen. For two years such bonus was directed to be adjusted against the profit bonus of the recent previous years and the terms of settlement further provided that it would be paid to those workmen only who had completed 240 days of work by the date of payment. The Supreme Court held that in the case of customary traditional bonus there could not be any such condition and a customary or traditional bonus connected with festival has to be paid to all workers, irrespective of number of days they might have worked before the festival in the years in question and such payment could not be taken into account as it was made and accepted as ex-gratia payment and was hedged with conditions. Moreover, there was a break in the pujah bonus for the last two years which was sought to be adjusted agaist the profit bonus of the previous year. The Supreme Court on these facts set aside the finding of the Tribunal that the payment of customary or traditional bonus on the occasion of the pujah festival had been established. In the case of Tulshidas Khimji, reported in 1962 (1) L.L.J., page 435 Supreme Court held that a claim for a customary bonus may be negatived on proving that the payment was made ex-gratia and accepted as such or that it was unconnected with any such occasion as festival.

In the instant case the payment for the year 1961 was admittedly made ex-gratia and those for the years 1960 and 1962 was by way of advance. This is also admitted by the union's witness Satyendra Nath Chakraborty (P.W.1) but he denied that the amounts were recovered. Having regard to the state of evidence on record, it cannot be held that the tests laid down by the Supreme Court in Grahams Trading Company's case cited above have been fulfilled in the instant case and that being the position, the employees of Shri Mahaluxmi Cotton Mills in my view are not entitled to get any customary pujah bonus.

In the next place Shri Chakraborty contended that after the new management took over the establishment, the employees stood retrenched and were, thereafter, re-appointed; as such the question of their being bound to pay any customary pujah bonus did not arise in the instant case. Messrs. Gajraj Pannalal, it appears, purchased the land, building and machineries under orders of High Court free from obligations and took over possession in April 1960. The Union's petition, dated 30th August 1960 (Ext. 2) for pujah bonus and the Government order issued on 26th November 1960 show that the employees are not entitled to claim any customary or traditional pujah bonus from the new management. The employees also treated their appointment as new appointment, for they moved the Hon'ble Court on 19th July 1960 for certain retrenchment benefits (vide annexure B to the company's written statement and the order Ext. C). It would thus appear that some of the employees moved the

Hon'ble Court and obtained some orders on the footing that their employment stood terminated. The present management after taking over possession introduced a new Standing Orders as the transfer was under orders of the High Court and not a voluntary one. Notice Ext. C., dated 2nd April 1960, by the liquidator and Ext. 4, dated 5th April 1960, by the present management as also the application for employment by P.W.1 Satyendra Nath Chakraborty (Ext.A) clearly indicate that the services of the employees were treated as fresh employment after termination of the old one. There is nothing on record to show that the employees were taken in with all their past benefits. Moreover, there was a break in their service during the period from 2nd to 5th April 1960, during which period the mill did not function. This fact was, of course, disputed on behalf of the union but this is clearly proved by Ext. C and Ext. 4 and the evidence of the liquidator's men before the Tribunal. The decision of the Supreme Court cited on behalf of the union in Dahingapara Tea Estate and Kays Construction Co. (P) Ltd., reported in 1958 (II) L.L.J. pages 498 and 660 are not to the points. On the contrary the decision in Ispahani Ltd.'s case reported in 1959 (II) L.L.J. page 4 seems to be more appropriate. In that case the business of a company including its good-will, trade rights, properties, assets, etc., were taken over by another company and the service of the workmen of the old company were treated as having been terminated and their accounts with the company including their provident fund dues and arrear salaries were settled. Such workmen were entertained in service by the new company without giving any express or implied undertaking regarding their continuity in service and the Supreme Court in the circumstances held that the concerned workmen were not entitled to claim continuity of service. In the instant case Messrs. Gajraj Pannalal purchased the undertaking free from all obligations from the liquidator under orders of the High Court and the official liquidator by his notice (Ext. C.) informed all the employees that their services under the liquidator shall cease on and from the date of the notice and the wages due to the employees would be paid by a certain date. These circumstances normally make out that there was no continuity in service and the workers, as such are not entitled to claim any benefits, if any existed from before, even if it be assumed that they were otherwise entitled to customary or traditional pujah bonus in the instant case.

From what has been stated above, it follows that the issue must be answered in the negative and the employees of Shree Mahaluxmi Cotton Mills are not entitled to get any customary pujah bonus. This is the award of the Tribunal.

Fifth Industrial Tribunal.

By Government of West Bengal, Labour Department, order No. 4826-I.R./IR/11L-143/66, dated 16th December 1966, the present industrial dispute between Messrs. Howrah Chemical Works and their workmen was referred to this Tribunal, under section 10 of the Industrial Disputes Act foradjudication on the following issue :

Issue

Whether the refusal of employment to Shri Harihar Nath Misra is justified ? What relief, if any, is he entitled to ?

Usual notices were served on both parties, and they appeared on 12th January 1967. Both sides prayed for time for filing written statement, and time was allowed. But no step was taken by the parties. The Union was absent on 27th February 1967, and again on 15th March 1967. The Company was also absent on 15th March 1967, and both parties again remained absent on 27th March 1967. The parties are not taking steps, and they seem to be not interested in the case.

I, accordingly, pass a "no dispute" award and dispose of the case accordingly.

INTERIM AWARD

By order No. 3920-I.R./IR/10L-59/66, dated the 30th September 1966, the Government of West Bengal, Labour Department, referred under section 10 of the Industrial Disputes Act and industrial dispute between Messrs. Babcock & Wilcox of India Ltd., and their workmen represented by Babcock & Wilcox Employees' Union, to this Tribunal for adjudication. The issue involved is—

Issue

"Whether retirement of Shri A. K. Ghosh, Chief Clerk and Cashier and subsequently designated as Chief Cashier from 1st August 1966 is justified ? To what relief, if any, is he entitled ?"

The Company and the Union appeared and filed their respective statements in response to the notices issued on them by the Tribunal.

By a petition filed on 15th March 1967 the Union prayed for interim relief. It is prayed that the Tribunal, in an interim award, might direct the Company to pay Shri Ghosh three months' wages and Provident Fund dues immediately without prejudice to his right in the present proceeding. The Company filed a written objection on 17th March 1967.

The Company has terminated the services of Shri A. K. Ghosh on ground of superannuation. The letter, dated 20th July 1966, written by the Secretary of the Company to Shri Ghosh, which is Annexure B to the Union's present application, shows that the Company sent a cheque for Rs. 3,115·14P. in settlement of his salary in lieu of notice of termination of service on ground of superannuation. Shri Ghosh accepted the cheque under protest and without any prejudice, as would appear from his letter, dated 18th July 1966 (Annexure A to the present application). The fact that the Company offered three months' salary in lieu of notice to Shri Ghosh is also admitted in the petition of objection filed by the Company on 17th March 1967. The Union prays that Shri Ghosh may be permitted to encash the cheque and to have his provident fund dues immediately without any prejudice to his rights.

The learned Advocate for the Company contends that the Company has taken the objection that Shri Ghosh is not a "workman" and, accordingly the reference is bad, and hence no interim relief can be given by the Tribunal for want of jurisdiction. There is, however, no application by the Company for deciding the question of jurisdiction as a preliminary point. It has been held in the case of National Tobacco Co. of India Ltd. reported in 1952 L. A. C. 251 that in order to pass an interim award it is not necessary that the question of jurisdiction must be finally decided. It is enough if a prima facie case, which would not operate to the prejudice of the final decision, is made out.

In the instant case it is the Company itself which has offered three months' wages to Shri Ghosh. If the Company be ultimately successful in the case, still Shri Ghosh will be entitled to accept this amount of three months' wages which the Company, according to its own case, was bound to pay him in lieu of notice

terminating his services by way of retirement. So a prima facie case is in favour of Shri Ghosh. If Shri Ghosh is successful in the final hearing then there would be no difficulty as he would be now receiving the salary which was due to him. Obviously, Shri Ghosh is hard-pressed as he is not in service.

I find that Shri Ghosh may accept the amount of salary offered to him by the Company at this stage without prejudice to his right in the present proceeding. Of course, I cannot allow him to take his provident fund dues as the matter rests with the Trustees of the Provident Fund Accounts, and the Company has nothing to do in that matter. Secondly, until the case is finally decided, the amount of provident fund accumulation cannot be withdrawn because without there being complete cessation of employment under the Company, provident fund accumulation cannot be withdrawn.

Shri A. K. Ghosh is, therefore, allowed to accept three months' salary, as offered by the Company, by way of interim relief. The Company is directed to pay him the aforesaid three months' salary as offered to him by them.

AWARD

By order No. 1558-I.R./IR/4L-24/66, dated the 21st April 1966, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Shri Haradhan Banerjee, owner of Bus No. WBU 103, 15 Kashinath Chatterjee Lane, Sibpore, Howrah, and his workmen represented by Road Transport Mazdoor Congress, 432/1/6 G. T. Road (South) Howrah, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the termination of service of Shri Balai Chandra Debnath in justified ? To what relief, if any, is he entitled ?

On receipt of the order of reference, usual notices were served on the parties and they appeared and filed written statements. Thereafter 7th March 1967 was fixed for hearing of the case. On that date the Company was present but neither the concerned worker nor anybody on behalf of the Union appeared. By order passed on that date the Union was directed to explain by 13th March 1967 its absence on that date. No explanation, however, was submitted by the Union on 13th March 1967 and instead Shri Jagannath Pandey, President of Road Transport Mazdoor Congress, filed a petition for adjournment of the hearing of the case. On that petition the case was adjourned to 20th March 1967 for hearing. On 20th March 1967 Company appeared but again the Union and the concerned worker were absent. From this repeated non-appearance of the Union and the concerned workman on dates fixed for hearing of the case, it is presumed that none is eager to pursue the matter. Accordingly a "no dispute" award on the footing that the industrial dispute under reference is no longer in existence is passed.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Shalimar Paints Ltd., Botanic Garden, Goabaria, Howrah, and their workmen represented by Shalimar Paints Employees' Union, 5 Dakshin Baksara Lane, Andul Road, P.O. Botanic Garden, Howrah. (G.O. No. 2733-I.R., dated the 14th July 1966). Case No. VIII-250/66.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present :

Shri R. BHATTACHARYA, M.A. LL.B.,
Judge, Fourth Industrial Tribunal.

For the Union : Shri J. Banerjee, Advocate.

For the Company : Shri R. Mitra, Advocate.

This is a reference under section 10 of the Industrial Disputes Act over some disputes between the Shalimar Paints Ltd. (hereinafter described as the Company), Botanic Garden, Goabaria, Howrah, and its workmen represented by Shalimar Paints Employees' Union, (hereinafter referred to as the Employees Union), 5 Dakshin Baksara Lane, Andul Road, P.O. Botanic Garden, Howrah, on the following issues :

Issues

1. Bonus for the year 1963 payable in 1964.

2. Bonus for the year 1964 payable in 1965.

After service of due notices the parties appeared and filed their written statements. In short, the case of the Employees' Union is that the company has its factory and Head Office at Goabaria, Howrah, and Sales Division at Camac Street, Calcutta. The union has stated in paragraph 5 of the written statement that the present reference has been initiated at the instance of the workers of the factory. According to the Employees' Union the workers of the factory are mainly divided into

three groups, namely, (i) clerical and technical staff, (ii) subordinate staff, and (iii) labour force. The said worker are represented by Shalimar Paints Employees' Union and Paint Works Mazdoor Union. It has been alleged that the Mazdoor Union is the creature of the company. The union before this Tribunal raised an industrial dispute over the bonus and the matter was referred to the Conciliation Officer. During the pendency of the conciliation proceeding the company managed to secure a settlement with the Mazdoor Union on the question of bonus, according to an agreement. The workers of the factory through the Employees' Union challenged the locus standi of the Mazdoor Union with respect to the agreement for bonus. Ultimately, however, the present reference has been sent to this Tribunal for decision. The Shalimar Paint Works Workmen's Union, the successor of the Mazdoor Union, also raised a dispute. The submission of the Employees' Union is that the company's calculation on the question of bonus was inaccurate and that the company is liable to pay higher amount towards bonus.

According to the written statement of the company the present reference is ultra vires invalid, void and without jurisdiction specially in view of the fact that the settlement between the company and the Mazdoor Union now called the workmen's Union, has not been terminated by any of the parties thereto. It has been further alleged that the Government of West Bengal which once refused to refer the question of bonus in the year 1963 to the Tribunal could not have on a second occasion made a reference to a Tribunal on the same question. It is admitted that originally the factory was at Goabaria. On or about 31st December 1962, its Head Office was shifted to Goabaria from Calcutta and its Calcutta Sales Division Office was shifted to 13 Camac Street, Calcutta. Besides this, there are other branch offices. The company wants to say in the written statement that there is one tradeunion by the name of Shalimar Paint Works Workmen's Union representing the majority of the workmen of the factory and that the company has recognised that union. Over and above the two unions, namely, the Employees' Union and the Workers' Union, there is another union by the name of Shalimar Paint Colour and Varnish Co. (H.O.) Employees' Union to represent the employees of the Head Office of the company, at Goabaria. The company has denied that theWorkmen's Union is a pocket union of the company or that it is a creature of the company. The company denies the liability of paying any additional bonus or claim as made by the Employees' Union.

In this case after I had gone through the order of reference and the pleadings of the parties, it struck me whether the reference as sent by the Government was maintainable and on that question I heard both the sides on 20th January 1967. The points for consideration were as follows :

(i) Whether the present reference relates only to the factory staff of the company ; and

(ii) Whether the present reference is defective and not maintainable for defect of parties or non-joinder of necessary parties on the question of bonus.

At the time of hearing the parties did not adduce any evidence, oral or documentary, on the ground that this being a question of law might be decided on some admitted facts. Facts admitted by both the sides are as follows :

The company has its factory and Head Office at Goabaria, Howrah. The Sales Division of the company is at Camac Street, Calcutta. The company has got several branch offices in different States outside West Bengal. The Balance Sheet and Profit and Loss Accounts are prepared on the basis of the assets, liabilities, profits and losses of the company in respect of the factories, Head Office, Sales Division and different branches taken together. It is also admitted that it is not possible to ascertain profit and loss of any of the factory, Head Office, Sales Division or branches taken seperately. Some Balance Sheets and Profit and Loss Accounts have been filed in this case. There is no dispute that in the factory of the company there are two unions, namely, the Employees' Union and the Worker's Union. There is no doubt also that there is one Head Office Employees' Union for the workmen of the Head Office. It is also a fact that at the instance of the Employees' Union several disputes between the company and its factory workmen were raised, and some references were sent to the Tribunal and decided. Similarly at the instance of the Head Office Employees' Union some disputes were raised and decided by the Industrial Tribunal in respect of the workmen of the Head Office. There is no dispute before me also that none of the unions of the factory workmen espoused the cause of the workmen of the Head Office or the branch offices. Similarly, The Head Office Employees' Union never took up the cause of the workmen of the companys' factory. It is also admitted before me at the time of argument that the Head Office Employees' Union has started a proceeding before the Government Conciliation Officer on the same question of bonus as involved in the present proceeding and that the said matter is still under consideration of the Government.

The first question for my consideration is whether or not the present dispute relates to the workmen of the company's factory at Goabaria excluding all other workmen of the company belonging to its Head Office, Sales Division and other branch offices. The contention of Shri Banerjee for the Employees Union is that this reference relates to all the workmen of the company including those of the factories, Head Office, Branch Offices and the Sales Office, because in the order of reference the dispute has been described as between "Messrs. Shalimar Paints Ltd., Botanic Garden, Goabaria, Howrah and their workmen." In the order of reference the word "workmen" has not been qualified in any way. According to Shri Banerjee the word "workmen" means all the workmen of the company irrespective of any department or section. It has been argued from the side of the union that "workmen" are proper and real party to the dispute and not the union which represents the workmen. Shri Banerjee therefore says that the Employees' Union has been mentioned in the order of reference because they are representing the factory workmen of the company. According to Shri Banerjee other unions may also come and approach this Tribunal to represent the workmen of other sections. The main argument of Shri

Banerjee is that the word "workmen" in the order of reference remains unqualified and it implies all the workmen of the company in general. Hence, Shri Banerjee argues, the present reference does not relate to any particular section of the workmen but it embraces the entire body of the workmen of the company.

Admittedly, as I have already indicated, the Employees' Union represents only the workmen of the factory of the company. Its activities are connected with the factory workers alone. At the instance of this Employees' Union several references were made by the Government for adjudication of disputes relating to the factory workmen. The workmen of the Head Office have their own union and that union is the Head Office Employees' Union. The said union has been working for the interest of the Head Office employees and by the effort of that union several references were taken to the Industrial Tribunal for obtaining decision of some disputes between the company and its Head Office employees. Before the Industrial Tribunal also the Employees Union never represented the workmen of the Head Office. Similarly, the Head Office Employees' Union had no occasion to espouse the cause of the factory workmen. In the present case the Employees' Union placed a charter of demands. During the conciliation period this union represented the factory workmen. In paragraph 5 of the written statement filed on the side of the workmen it has been clearly stated that the present dispute has been raised at the instance of workers of the factory through the Employees' Union. In paragraph 10 it has been stated that the terms and conditions of the employment for the category of workers under this reference were pitiable and miserable. In the next paragraph it has been said that the workers in the factory are divided into three groups, namely, (i) clerical and technical staff, (ii) subordinate staff, and (iii) labour force. Lastly, in paragraph 12 it is stated that the said workers are represented by the Employees' Union mentioned in the order of reference and the Mazdoor Union which is described as pocket union of the company. From the reading of the entire written statement it would be clear that the Employees' Union has been representing all through the workers of the factory of the company and it has claimed bonus for those workers alone. There is no reference to any worker either of the Head Office or of the Branch Office or of the Sales Division. In this connection it should be remembered that at the instance of the Head Office Employees' Union another conciliation proceeding is pending with the government on the question of bonus. The facts and circumstances of this case therefore taken along with the written statement filed in this case will clearly show that the reference in the present case was intended to cover the workmen of the factory of the company at Goabaria and, in fact, the present reference relates only to those workmen. The workmen of the Head Office or the Branch Office or the Sales Division are not covered in the present case. In this connection the decision of the case between Burmah Shell Oil Storage and Distribution Company of India and others on the one hand and their workmen and others on the other decided by our Supreme Court may be referred to. That case has been reported at page 124 of 1961, L.L.J.Vol. II. In that case the question arose whether the reference was meant for all categories of workmen of the factory but in the facts and circumstances of that case it was held that although the workmen of the companies were generaly mentioned in the order of reference in fact, the expression "workmen represented by the respondent union" must in the context mean a particular category of workmen and not all. Applying the same principle I hold that the present reference does not relate to all the workmen of all the department of the company, namely, the factory, the Head Office, the Branch Offices and the Sales Division. It covers the workmen of the factory only.

The next question that comes up for consideration is whether the reference as sent to this Tribunal is defective. There is no doubt or dispute that the workmen of the Head Office of the company and its Sales Division not to speak of Branch Offices constitute a substantial portion of the total number of workmen of the company. In the present case the Employees Union claims bonus for the years 1963 and 1964 for the workmen of the factory staff. The quantum of bonus certainly in the ordinary course depends upon the quantum of profit made by the employer. Of course, there is the minimum and maximum rates fixed by the Payment of Bonus Act, 1965. There is no dispute before me that the company prepares its Balance Sheet and Profit and Loss Accounts in respect of its factory, Head Office, Sales Division and Branch Offices taken together and that it is not possible to prepare separate Balance Sheets in respect of factory, Head Office, different Branch Offices and Sales Division. Manufacturing is done at the factory and the goods are sold elsewhere and there are office works at the Head Office and the Branch Offices in connection with the transaction, orders, etc. However, the fact remains that no separate Balance Sheet or Profit and Loss Accounts can be prepared to show how much contribution was made by the workmen of the factory, towards profit earned by the company. The workmen of different departments contribute to the ultimate profit of the company. It is therefore clear that on the question of bonus the case of all the workmen of the company should be considered. It is not possible to consider the cases of different categories of workmen piece-meal and to give piece-meal and different awards on different occasions. All the workmen should be heard on that question because different sections of workmen or different unions may have different claims on different reasonings. After hearing the pros and cons of the different submissions made by the workmen, the Tribunal should come to a proper decision giving due consideration and weight to the submissions. If different references are sent to the Tribunal on the question of bonus having different categories of the workmen on the basis of a common Balance Sheet and Profit and Loss Accounts, there is every possibility of coming to different and conflicting decisions because at different hearing different evidence may be produced and different submissions may be made. Ultimately, injustice may be done and workmen may be treated inequitably. The elementary and accepted principle of judicial proceedings is that when any question is raised for decision, all parties connected therein must be brought before the Judge and that the matter must be heard in their presence giving them every opportunity to have their say as the issues. This principle is based upon the principles of natural justice. It should be seen that on a particular issue parties concerned must be impartially treated. If any matter is heard behind the back of an interested party, ultimately the decision may cause prejudice to the absent party. In the present reference before me, the question of bonus relates to all the categories of workmen of the company belonging to the different departments, viz. the factory

the Head Office, the Sales Division and the Branch Offices. The interest of each department is vitally connected with this issue. The issue like bonus should therefore be decided in a case where all interested persons are made parties. Here, only the workmen of the factory, as I have already decided, are parties along with the company. In the order of reference the company has been named with its address at Botanic Garden, Goabaria, Howrah. This address being the Head Office address is sufficient to describe the company as a whole including all its branches and departments. It would not be judicious and practical to hear only the Employees Union of the factory and to give an award for bonus payable to them. Unless all the parties and interested person are covered by the reference, there can be no just and proper decision.

In this connection we should note section 3 of the Payment of Bonus Act which runs as follows :

> "Where an establishment consists of different departments or undertakings or has branches, whether situated in the same place or in different places, all such departments or undertakings or branches shall be treated as parts of the same establishments for the purpose of computation of bonus under this Act:
>
> Provided that where for any accounting year a separate balance sheet and profit and loss account are prepared and maintained in respect of any such department or undertaking or branch, then, such department or undertaking or branch shall be treated as a separate establishment for the purpose of computation of bonus under this Act for that year, unless such department or undertaking or branch was, immediately before the commencement of that accounting year treated as part of the establishment for the purpose of computation of bonus."

According to this section different departments, undertakings or branches of an establishment shall be treated as part of the same establishment on the question of bonus and that the employees of those departments, branches or units shall be paid bonus from the consolidated working result of the establishment. There is, of course, one proviso. We are not however concerned with that proviso. In this connection section 34 of the Payment of Bonus Act may be referred to. Sub-section 2 of section 34 shows that on the question of bonus the total bonus payable to all the employees in any establishment under the Act is to be ascertained. In this case the company including factory, Head Office Sales Division and branches is one establishment, and the balance sheet of the company covers all its departments and branches. According to this Payment of Bonus Act also bonus payable to all the employees of the company has got to be ascertained by the Tribunal, and, therefore, before that decision is arrived at, all interested parties, namely, all the departments of the company, must be heard. Unfortunately, however, in the present case only the workmen of the factory are made party. The workmen of all other departments have been excluded. Unless all the workmen of the company are made party to this proceeding, no award can be passed on the question of bonus.

Shri Banerjee on behalf of the Employees' Union has submitted that if necessary the Tribunal may summon the Head Office Employees' Union as a party to this proceeding so that it may represent other workmen of the company in order to remove the defect of the parties. Of course, this argument was not placed before me with much confidence. His main ground is that the reference as it stands shows that all the workmen of the company have been impleaded as party. I am to consider this aspect of the matter. I have already referred to the decision of the Supreme Court reported at page 124 of 1961, L.L.J., Vol. II. I quote below the relevant portion of the judgement :

> "It is true that under section 36 it is open to the employees whose dispute has been referred for industrial adjudication to appear either individually or through their union, but section 36 of the Act postulates a valid reference being made on behalf of the employees concerned. If the reference does not include the clerical staff and their grievances, it would not be open to the members of the clerical staff to bring their grievances before the Tribunal by their individual applications or for the Tribunal to widen the scope of its enquiry beyond the terms of reference by entertaining such individual applications. Therefore, we are satisfied that the applicants are right in contending that the Tribunal had no authority to include within its award members of the clerical staff employed by the appellants."

In the present case the proposition enunciated as above applies. There are several similar other decisions on this point but I need not refer to them. The Industrial Tribunal is a creature of statute. The jurisdiction of the Tribunal is vested by law. The Tribunal has no authority to widen the scope of jurisdiction. In the present case, as I find, the jurisdiction of this Tribunal has been limited by the terms of reference in respect of the dispute between the parties. The parties are covered by the terms of reference. But those who are not meant to be parties in the industrial dispute cannot come forward and want to be parties asking the Tribunal to adjudicate any dispute between them and the employers. This dispute will naturally be beyond the scope of the reference. My finding is that the present dispute is between the company and the workmen of its factory and if I make an attempt to adjudicate upon the dispute between the company and workmen other than those of the factory, it would be widening the scope of the dispute. Unfortunately this Tribunal cannot enlarge its jurisdiction created by the order of reference. In the present case, therefore, this Tribunal cannot add other workmen of the company as parties. The contention of Shri Banerjee therefore fails.

Before I dispose of this matter, I should mention some other facts relevant in this case. In the past several industrial disputes between the factory workmen and the company were decided by this Tribunal. Those disputes related to service conditions, wages and some other matters which were quite separate and as such, there was no difficulty for the Tribunal to come to a proper decision. Those disputes were not connected with the Head Office or other branches of the company. They were not common disputes, and the workmen of other departmets had no interest in them. It further appears that in the past there was an agreement between the employers and another union of the factory workmen on the question of bonus. It should be remembered that the employers and the employees may come to an

amicable compromise according to their sweet will and convenience without paying heed to any technicalities of law or legal formalities. But if any dispute comes before the Industrial Tribunal, the creature of law, essential legal formalities must be gone into and the Industrial Tribunal has got to decide the question of legal jurisdiction. On the question of jurisdiction the consent of the parties will not validate an illegal decision without jurisdiction. It is therefore clear that if the parties come to an amicable settlement, the legal formalities may be avoided and there can be no jurisdictional question. But if any dispute comes before an Industrial Tribunal, it cannot go beyond the jurisdiction of course, it has not been argued from the side of the workmen in this case that this Tribunal has jurisdiction to decide the question of bonus payable to the workmen of the factory alone because in the past the employers made an agreement with a union of the factory for payment of bonus to them.

Lastly, in the case of Burmah Shell Oil Storage and Distributing Company of India Ltd., and others vs. their workmen and others referred to above, there was a dispute on the question of bonus. The Hon'ble Supreme Court held that it was a dispute between the employers and their operatives alone and not the clerical staff. In that case, the operatives were allowed bonus although other workmen were not parties to the proceeding. In that case, however, no question was raised as to the maintainability of the reference in the absence of other workmen of the companies. No decision was given on any question as has been raised in the case before me. Moreover, at the time when that decision was given, there was no enactment like the Payment of Bonus Act passed in 1965. It is to be further noted that in the case of Burmah Sheell Oil Storage and Distributing Company of India Ltd., and others the employers took the stand before the Tribunal that they were able to pay a reasonable amount of bonus which the Tribunal might award, and they did not rely upon the Balance Sheet. It does not appear also that the employers challenged the jurisdiction of the Tribunal in that case and ultimately the question of jurisdiction was not considered by the Hon'ble Supreme Court. In the present case before me, the company has in its written statement stated the present reference is ultra vires, invalid, void and that it does not confer any jurisdiction on the Tribunal. The company has further stated that this Tribunal has to jurisdiction to entertain the pretended reference on certain grounds mentioned in the written statement. The question of jurisdiction is very important. Even if the parties do not raise any jurisdictional objection, the Tribunal can suo motto proceed to decide the question of jurisdiction if there is any doubt in the mind of the Presiding Judge.

The question as to who is the necessary party depends upon the facts and circumstances of each case. The company may carry on business at different places. One of its branches may be closed down and on the issue of retrenchment a question may arise whether the principle or 'last come first go, will be applicable treating various branches of the company as one establishment. If it appears that the branches are quite distinct and separate units of the company having different service rules without any practice of transfer of employees from one branch to another, such principles as embodied in section 25G of the Industrial Disputes Act cannot be applicable to other units because other units are not in any way connected with the branch already closed down. For the purpose of a dispute in connection with section 25G of the Industrial Disputes Act, the closed down branch is a separate establishment for which an industrial dispute may be raised and for which other branches will not be affected in any way. In that case certainly other branches are not necessary or proper party. In this connection the case between Indian Cable Co. Ltd., and its workmen decided by the Supreme Court and reported at page 409 of 1962, L.L.J., Vol. I, may be referred to for the principle. On the question of bonus, however, the case in different. For the decision of that question the Tribunal has to see what amount may be paid to all the workmen of the company without excluding any department. Other workmen of other departments of the company have got interest. Every one of the workmen, rather I should say all the workmen of the company are proper and necessary parties. The company as a whole is the industrial establishmet for the purpose of bonus. If any bonus is payable, the workmen of all departments of the company shall be entitled to it. In their absence their claim cannot be considered. In the present reference only the workmen of the factory and the company are parties. Workmen of other departments have been excluded. In these circumstances, it is not possible for any Judicial Tribunal to adjudicate upon the present issue and no fair decision, I believe, can be arrived at in the absence of all concerns. Hence, I find that the present reference is not proper and maintainable for want of necessary parties.

I should mention one other fact. After the hearing of the issues as to the maintainability of the reference and while this order was under preparation, an application was filed by the Head Office Employees Union of the Company for adding it as a party. The petition was moved by Shri Banerjee, who appeared for the Employees Union. I gave a patient hearing once again on the question of addition of party. His submission was that the workmen of the Head Office of the company should be added as party on the ground that they are interested and connected in the bonus dispute because the company with the factory, Head Office and other departments is a single unit and bonus at uniform rate is payable to workmen of different departments. According to my finding, the workmen of the company's factory alone being the party, the workmen of the Head Office or other departments are not interested or concerned in the dispute as mentained in the present Order of Reference. They are interested no doubt in bonus but if they are added as party, the scope of dispute will be extended. I have alrady dealt with this matter earlier. Shri Banerjee has not added any new ground in support of the petition for adding the Head Office Employees Union or Head Office workmen as party. The petition of the Head Office Employees Union fails and I disallow the prayer contained therein.

In the result, the present reference is rejected.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A. LL.B.,
Judge, Fourth Industrial Tribunal.

For the Union : Shri Nikhil Roy, Advocate, Shri L. M. Prodhan, General Secretary of the Union.

For the Company : Shri J. K. Ghosh, Advocate, Orr Dignam & Co., Solicitors.

The instant reference under section 10 of the Industrial Disputes Act arises out of Government of West Bengal, Labour Department, order No. 2209-I.R./IR/9L-15/65, dated 2nd June 1966, over an industrial dispute between Hope Tea Co. Ltd., C/o Messrs. Duncan Brothers and Company Ltd., 31 Netaji Subhas Road, Calcutta-1 (hereinafter described as the company), in respect of its property in Jiti Tea Estate, Nagrakata, P.O. Jalpaiguri, and its workmen represented by National Union of Plantation Workers, Birpara P.O., Jalpaiguri (hereinafter described as the Union). The issues for adjudications are as follows :

Issues

1. Whether dismissal of the workmen mentioned in the list "A" attached is justified ? To what relief, if any, are they entitled ?
2. Whether suspension of the workmen mentioned in the list "B" attached is justified ? To what relief, if any, are they entitled ?

In short, the case of the union appearing in the written statement is that the workmen of Jiti Tea Estate had several grievances and they were placed before the management. The management did not care to improve the labour conditions in the Tea Garden. On 18th June 1964 a few workmen of the Tea Garden went to the office of the Works Manager to meet him in a deputation and place their grievances before him. Thereafter on 29th June 1964, 30th June 1964 and 1st July 1964 the management without any just reason issued charge-sheet to the workmen mentioned in the lists "A" and "B" attached to the order of reference. The allegations made in the charge-sheet were untrue and they had been fabricated for victimising the workmen for their trade union activities. The workmen, it is alleged, gave their replies to the charge-sheets denying the allegations. Thereafter the management held pretended enquiry but the workmen were not given reasonable opportunity for their self-defence there. They were not allowed to examine and cross-examine witnesses. On the basis of the enquiry the management dismissed the workmen of list "A" and suspended those mentioned in list "B" for different peroids by way of punishment. The grievance of the union is that the punishment inflicted upon the workmen were unjust, mala fide and against the principles of natural justice.

The story of the Hope Tea Co. Ltd., as stated in the written statement is that on 18th June 1964 at about 7 a.m. the workmen in question along with other workers left work without permission, came in a body to the Head Office, took a leading part in an unlawful assembly and behaved in a most riotous and disorderly manner prejudicial to the good running of the Tea Estate. Unruly demonstrations continued till about 12 noon, those persons abused the supervisor staff of the garden in filthy language, threatened them with physical violance and tried to trespass into the Estate Office and in spite of request and remonstrations by the managerial staff, the said workmen did not leave the office precincts until 12 noon resulting in complete disruption and suspension of normal work of the Garden. The company thereafter issued charge-sheet to the delinquents according to the Standing Orders of the company. The charge-sheeted persons were given sufficient opportunity to submit explanation in reply to the charge-sheet and proper enquiries were held in presence of the charge-sheeted persons who were given all reasonable opportunity for their self-defence. The enquiries were properly held and even before passing of the final orders inflicting punishment the delinquents were given opportunity for making proper representation through their union. The management found the

charge-sheeted persons guilty and thereafter considering the circumstances of the case dismissed the workmen of list "A" and suspended the workmen of list "B" for a period of time. It has been alleged by the company that the orders of the company and the enquiries were bona fide, and that there has been no case of victimisation.

In this case several documents have been exhibited on both the sides. The union has examined 13 witnesses and the company has examined only 3. Shri Roy on behalf of the union has challeged the propriety of the enquiries held against the workmen and his main contention is that in the present case the enquiries were not held according to the principles of natural justice or the Standing Orders of the company. It has been argued that the charge-sheeted persons did not get any proper opportunity for their defence, that the enquiring officer was acting as prosecutor and that the conduct of the company was mala fide in the matter of punishing the delinquents. Shri Roy has further submitted that the findings of the enquiring officer were not properly based upon reasonings.

The employees who have been dismissed by the company have been mentioned in the list "A" attached to the order of reference, and in list "B" will appear the names of the charge-sheeted persons who were suspended. For the sake of convenience I give below the lists "A" and "B".

Twelve charge-sheeted persons of list "A" have been examined before me. P.W.1,Charia Oraon,is one of them. Ext. A/1 is the charge-sheet against her. In short, the allegations against her were that she refused to work in the tea area allotted to her and spoke to Sahajoo Duffadar in an insolent and impudent manner when wanted to persuade her to carry out the lawful orders and that on the following day she along with other workers of the tea garden came to the office, took leading part in an unlawful assembly, behaved in a most riotous and disorderly manner prejudicial to the good running of the tea estate and in course of unruly demonstration she abused garden supervisory staff in a filthy language. It has been further alleged that she tried to trespass into the office and in spite of request of the managerial staff, she did not leave the Estate Office. According to the company Charia Oraon was guilty of misconduct under sections 13(c)(i) and (viii) of the Standing Orders of the company. The evidence of Charia Oraon is that she does not know whether she was charge-sheeted by the company. But at the same time she admits that there was an enquiry against her. She has, however, denied that she had committed any misconduct. She has stated that she gave an explanation in writing pleading not guilty. At the same time she cannot say when she gave that explanation. She says that she does not know who wrote the explanation and she does not remember what was written in that explanation. She has stated that she was present at the enquiry but her grievance is that no witness on the side of the company was examined at the enquiry. She has admitted however that she was questioned by the enquiring officer and she made her statement. She has again stated that she examined her witnesses. From the evidence of Charia Oraon I find that she is an unreliable person and I cannot accept her evidence as true. She has not given clear and convincing evindence regarding enquiry.

P.W.2 is Affroagia named in list "A". The charge-sheet against her will appear in Ext. A. The allegation was that Affroagia left work without permision on 18th June 1964, came in a body in the Estate Office and took leading part in an unlawful assembly behaving in a most riotous and disorderly manner prejudicial to the good running of the Tea Estate. She also abused garden supervisory staff and threatened them with physical violence. She also tried to trespass into the Estate Office and in spite of the request of the managerial staff, she did not leave the office until 12 noon. According to the company she was guilty of misconduct under section 13(c)(vii) of the Standing Orders. Affroagia has stated during evidence that she attended the enquiry held by Anand Saheb, the enquiring officer. She has stated that the company's witnesses were not examined at the enquiry. She however gave answers to the questions put by the enquiring officer. She has also denied the allegation of misconduct. During cross-examination, however, she has admitted that Sahajoo Duffadar was examined at the enquiry. This Duffadar was the company's witness. She has also stated that Dulal Babu and Ellaros were examined at the enquiry. It is strange to note that Affroagia has stated that Rimis, Ellaros, Dulal and Sahajoo did not depose in her favour and that she does not know on whose behalf they deposed. At page 1 of Ext. U, the records of the proceedings, proved by the company's witness will show that Affroagia submitted a typed explanation in reply to the

charge-sheet. Rimis, the Secretary of the union, as Affroagia says, gave evidence as a witness against Affroagia. Sahajoo Duffadar was examined as the Company's witness. Ellaros, it will appear in Ext. U, stated that he knew nothing about the incident. He was, of course, called on behalf of Affroagia at her request. This witness has further stated that she got the charge-sheet but she did not know the contents thereof. The evidence of Affroagia about the enquiry is unacceptable and inconsistant.

Runchi Munda of list "A" is P.W.3. She has said that she does not know the contents of the charge-sheet and she did not submit any explanation. She has however admitted that there was an enquiry against her. She has stated that the enquiring officer did not examine any witness on the side of the company and that she made no statement either. She wants to say that Anand Saheb meaning the enquiring officer did not do anything except taking her thumb impression. She wanted to say that she stood at the enquiry and then went away. The enquiring officer gave her a letter which clearly shows that before leaving the enquiring Runchi Munda received the notice under section 13(g). During cross-examination this witness has stated that Sahajoo Duffadar, Store Babu and others were present at the enquiry and that the enquiring officer questioned those persons. The witness,however does not know what they stated at the enquiry. Evidence of this witness is not convincing. She is not a straight forward witness There is nothing to corroborate her statement. I reject her evidence. The charge-sheet against P.W.3 will appear in Ext. A/2. She was charge-sheeted for misconduct under section 13(c)(viii) of the Standing Orders as in the case of Affroagia on similar allegations. Ext. U shows that Runchi Munda submitted her explanation before the manager in reply to the charge-sheet pleading not guilty.

P.W.4 is Khejurpati Nagashia, a female worker. She says that she was charge-sheeted but she did not give any reply to the charge-sheet. The Book of Enquiry Ext. U/1, shows that this witness submitted explanation at the enquiry. She has however admitted that an enquiry was conducted against her. But she has added that she was not questioned by Anand Sahib and she made no statement. She said that nobody was examined at the enquiry. Her evidence is that the contents of the record of proceedings were not read over. During cross-examination she has admitted that three persons were present at the time of enquiry, and that the enquiring officer took the evidence of these three persons. The evidence of their witness is hopelessly unreliable. Like Runchi Munda Khejurpati Nagashia was also charge-sheeted under section 13(c)(viii) of the Standing Orders for similar misconduct. This witness belongs to list "A" mentioned above.

Kashmaith Lohar, P.W.5, is another employee of list "A". Ext. A/4 is the charge-sheet against her. She has also been charge-sheeted for alleged misconduct under section 13(c)(viii) of the Standing Orders like the case of Khejurpati Nagashia. This witness has stated that on receiving charge-sheet she gave a reply. She attended the enquiry held against her. Hatoo Baba, Office Babu made statements on behalf of the company At first she has stated that she was not questioned by the enquiring officer and she made no statement. But immediately after that her evidence is that Anand Sahib asked her what she has to say and she made her statement. She has stated that she was not asked to cross-examine the witnesses of the company. Her further evidence is that the enquiring officer took her thumb impression without reading over the contents of the records of the proceeding.

Sita Kurmi of list "A" is P.W.6. Ext. A/13is the charge-sheet against her. The allegation of misconduct was made against her under section 13(c)(viii) of the Standing Orders. She has said that she attended he enquiry but she was not questioned there. She has however admitted that Hatoo Babu and others were examined by the enquring officer. She has at the same tie given a strange story that the enquiring officer called her outside and told that there would be no enquiry and that she was asked to give thumb impression and she gave it. This is a new story and the evidence of this witness is clearly unreliable and inconsistent.

Kuari Oraon is P. W. 7. It will appear from her evidence that she attended the enquiry held by the Acting Manager. She wants to say that her statement was not taken and she cannot say whether the company's witness were examined at the enquiry. It is impossible to accept the evidence of the witness like this. Although her statement before me is that she did not give any reply to the charge-sheet, Ext. J/1 will show that in facts she gave her explanation, and it is not a case of the union that any of the charge-sheeted persons did not submit any explanations. This witness cannot at all say whether the paper on which her thumb-impression was taken was written or not. During cross-examination she has admitted that one Ettna Goala was present at the enquiry with her. This shows that she had ample opportunity for her self-defences. This witness has suppressed material truth. I reject her evidence. It should be noted that this witness was charge-sheeted for allegation of misconduct under section 13(c)(viii) of the standing orders for riotous and disorderly behaviour as would be evident from Ext. A/5.

The next witness is Anua Lohar of List "A". Ext. A/23 is his charge-sheet. He is alleged to have committed misconduct under rules 13 (c) (viii) and (xii) of the Standing Orders. Anua Lohar has stated during evidence that he was served with a charge-sheet but he did not give any reply thereto. At page 223 of Ext. U appears the proceeding of enquiry against him. It appears that Anua Lohar at the time of enquiry submitted a written explanation to the charge-sheet bearing his thumb impression. At the time of argument this explanation has not been challenged by the union. The witness has admitted that Anand Sahib held an enquiry against him and that he attended the same. He has, however, stated that the company's witnesses were not examined at the enquiry. Anua Lohar wants to say that nothing was done at the enquiry. He was not asked to make any statement even. The witness has further stated that Anand Sahib took his signature on some written paper and the writings of that paper were not explained to him. The records of the enquiry show that Anua Lohar's thumb impression was taken on each page of the proceedings. It is quite clear therefore that the records of the proceedings were being prepared simultaneously as the proceedings went on, and after the conclusion of the

proceedings Anua Lohar's thumb impression were taken. The records of the proceedings are therefore genuine, and I cannot accept any argument that the records of the proceedings were fabricated at any subsequent period after enquiry. It appears further that one Ettua Goala was present at the enquiry at the instance of Anua Lohar to help the latter. P. W. 8 Anua Lohar says that he does not know whether Ettua was present at the enquiry or whether he appeard on his behalf. He has however shown Ext. U. the book of proceedings of enquiry, on which his thumb impressions were taken. This witness has not given reliable evidence. It is not safe to rely on the statement of the witness.

Mongra Bhuiya is P. W. 9. His name will appear in list "A". He was charge-sheeted under sections 13(c) (viii) and (xii) of the Standing Orders. The charge-sheet is Ext. A/30. This witness admittedly attended the enquiry. He has also admitted that Anand Sahib recorded his statement and that he gave his thumb impression on the book of proceedings. This witness has stated that the enquiring officer put some questions to the Babus of the company to ascertain whether they knew him. The witness however does not know whether they gave any answer. He says that he was not asked to queston them. During cross-examination he has admitted that all the persons were questioned by the enquiring officer in Hindi and replies were given in Hindi. The statements of this witness are contradictory and inconsistent. His evidence should be rejected.

Sukra Oraon of list "A" appeared in this case as P. W. 10. He has stated that he did not give any reply to the charge-sheet and that there was no enquiry against him. He says that he went to the enquiry but no question was put to him. The enquiring officer did not put question to any person. He has, however, stated that there were writings on the papers on which his thumb impressions were taken. During cross-examination this witness has stated again that babus gave evidence at the enquiry on behalf of the company. Of course, he has not admitted that he cross-examined them. It is very difficult to rely upon a witness like this without sufficient and reliable corroboration.

Bashdeo Munda is P. W. 11. He has also been dismissed. He has stated that he gave a reply to the charge-sheet. He has also stated that there was an enquiry and that he attended the same. His evidence is that Anand Sahib held the enquiry and out questions to him. He says that he did not give any reply to the questions put to him. Two Babus, according to him, and Sardar were present at the enquiry on the side of the company. He has stated that Anand Sahib interrogated the witnesses of the company and got answers which were recorded. The records of the proceedings with respect to this witness will appear in Ext. U/1. This witness has got nothing to support him. I do not rely on his evidence. His charge-sheet is Ext. A/21. He was charged under sections 13(c) (viii) and (xii) of the Standing Orders.

P. W. 12 is Bhadoa Munda who was dismissed by the company on the ground of misconduct under sections 13(c)(viii) and (xii) of the Standing Orders. The relevant charge-sheet is Ext. A/25. This witness has given strange evidence. He says that although he received charge-sheet, he does not know even now what the allegations were against him and that he did not give any reply to the charge-sheet. The records of the proceedings in respect of this witness will appear in Ext. U/1. At the time of enquiry he gave his written explanation. The written explanation bearing his thumb impression is attached to the records. This explanation has not been challenged from the side of the union at the time of argument. Rather, the allegation in the written statement of the union is that the charge-sheeted persons gave replies to the charge-sheet. Bhadoa Munda has stated that he attended the enquiry held against him but he has stated at the same time that Anand Sahib held the enquiry. His evidence is that it was Anand Sahib who recorded his statements. This witness, as he says, did not give any thumb impression on the records of the proceedings. This witness is not a truthful and straight forward witness. According to his evidence he received the charge-sheet, attended the enquiry and was questioned by Anand Sahib. I cannot accept this witness as truthful when he says that he does not know even now what the allegations were against him for his dismissal. Nobody has come forward to support the statement of this witness.

The last witness on the side of the workmen is Mangru Bhwagat. This witness describes himself as the Assistant Secretary of the Branch Committee of the National Union of Plantation Workers at Nagrakata. This witness during examination-in-chief has not stated anything about the enquiry proceedings. This witness has stated during cross-examination that the union did not know that the charge-sheeted persons were called to domestic enquiry against them. At the same time he has stated that he saw the letter under section 13(g) of the Standing Orders inviting representative from the union issued by the company after enquiries. In this connection P. W. 3 has stated that she told somebody of the union that she had been called to the enquiry. The evidence shows that Rimis was the Secretary of the union and that he had knowledge of the enquiries. P. W. 12 has stated that the charge-sheeted persons complained to the Branch Office of the union that there had been no enquiry against them and that no reason was however given as to why the enquiry was not proper. According to the witness the General Secretary of the Head Office of the Union and another Bhawani Paul told him that they would make inquiry to ascertain why the enquiries were improper. The witness does not know that attempts were made towards that end. The witness has stated further that no report was received from Rimis, the Secretary of the Garden Unit of the union, regarding the incident of the domestic enquiry. This witness does not know whether the union gave any letter to the company giving reasons to show that the enquiries were not proper. We get nothing substantial from this witness to prove that the domestic enquiry was in any way bad or improper.

Regarding enquiry the company has examined two witnesses O. P. Ws. 1 and 2. O. P. W. 1 is O. P. Anand. From his evidence we get that after the manager of the tea estate had gone to furlough this witness became the Acting Manager at the beginning of July 1964. He held seperate departmental enquiries against 33 charge-sheeted persons and he deputed the Assistant Manager, P. L. Dutta, O. P. W. 2 to hold enquiry against Bhadoa Munda, P. W. 12. O. P. W. 1 has

stated that he kept two independent witnesses to watch the enquiry proceedings and these persons were not in any way connected with the incident in question. He also took one recorder at every enquiry. At the commencement of the enquiry O. P. W. 1 explained the charges to the delinquents, received the replies to the charge-sheet and also asked the delinquents to add to the reply if they so desired. The witness also asked the delinquents whether they wished to have any co-workers to assist them at the enquiry. In case any delinquent desired to have any representative on his side, he sent a jeep or a chowkidar to call him. First of all the company's witnesses were examined one after another and the delinquents were given opportunity to cross-examine them. After the completion of evidence on the side of the company he asked the delinquents to produce their witnesses and to adduce any evidence they liked or to make further statement at the enquiry. The evidence of the witnesses were recorded and the statements were explained to the delinquents. Thereafter thumb impressions or signatures of the delinquents were taken on the records of the proceedings. This witness had denied the suggestions that he obtained thumb impressions or signatures of the charge-sheeted persons without explaining the contents of the records or that the charge-sheeted persons were not given any opportunity to cross-examine the witnesses or that he took thumb impressions or signatures of the delinquents on blank papers without holding any enquiry or that he manufactured the records of the proceedings after obtaining the thumb impressions of the delinquents. O. P. W. 1 has further stated that on the conclusion of the enquiries he recorded his findings and he gave an opportunity to the charge-sheeted persons for representation under section 13 (g) of Standing Orders of the company. The witness has proved the records of the proceedings. He also gave hearing of the representatives of the union on two separate occasions. According to this witness 14 delinquents of list "B" came to him with Assistant Manager and prayed for forgiveness. He gave a patient hearing and assured them that he would consider their case. Thereafter O. P. W. 1 dismissed the persons of list "A" and suspended those of list "B". He also warned two of the charge-sheeted persons. This witness, according to the evidence, was not present in the garden on 18th June 1964, the date of occurrence. The witness has asserted that during his stay in the garden from the end of June 1964 to the end of October 1964 he received no verbal or written complaint either from the union or from the workmen that the enquiries were improper or unfair. The witness also gave reasons for some delay in the matter of giving punishment. During cross-exmination the Acting Manager has stated that he told the witnesses of the company that they were to give evidence for the company. Relying on this statement it has been argued from the side of the union that this witness acted as prosecutor as well as enquiring officer and hence the enquiry is bad and I cannot accept this argument. As Manager it was his duty to direct the witnesses who are the employees of the company to give evidence at the enquiry. This does not mean that he was the prosecutor. Even as the enquiring officer he had the right to call suitable witness for giving evidence so that he might come to a correct conclusion. Exts. U and U/1 are the bound books containing the records of the proceedings.

The next witness on the side of the company is O. P. W. 2., P. L. Dutta, the Assistant Manager. This witness has stated that he held the domestic enquiry against Bhadua Munda. P. W. 12. His evidence is that, first of all, he called the company's witnesses one after another. Bhadua Munda was present at the enquiry. He asked Bhadua Munda to cross-examine the witnesses as their examination-in-chief was finished. Bhadua Munda cross-examined the witnesses and after the examination of the company's witnesses P. L. Dutt asked Bhadua Munda to examine the defence witness, if any.

O.P.W.2 has stated that, in fact, Bhadua Munda examined defence witnesses. He also asked Bhadua Munda to make any statement he liked but he did not make any statement after the evidence of his defence witness. According to O.P.W.2 Bhadua Munda wanted assistance of his co-worker Lal Bahadur at the enquiry. That Lal Bahadur was brought in and he was present throughout the enquiry. This witness also took the thumb impressions or signatures of the persons who attended the enquiry. He read over the records of the proceedings and explained to Bhadua Munda who did not question the correctness of the proceeding. The statements of the witnesses were also explained to the witnesses. O.P.W.2 has proved the connected records of the proceedings. This witness was authorised by the Manager to hold the enquiry. He denied the suggestion that O.P.W.1 had held the enquiry against Bhadua Munda. This witness has further stated that on 12th August 1964 some charge-sheeted persons came to him and expressed regret for the occurrence and wanted to speak to the General Manager and the witness then took them to O.P.W.1 and the charge-sheeted workmen apologized to the General Manager. This fact was noted by O.P.W.2, and the record has been marked Ext. V. To Bhadua Munda a notice under section 13(g) of the Standing Orders was issued under the signature of the General Manager. O.P.W.3, however, does not give any material evidence regarding the enquiry.

The Standing Orders of the company will appear in Ext. E. Section 13 of the Standing Orders relates to disciplinary action for misconduct. According to this section there are certain acts and ommissions mentioned in clause (c) as misconduct. Section 13(c) (viii) speaks about riotous or disorderly behaviour on the Estate prejudicial to the good running of the Estate or any act subversive of discipline. For an offence under section13(c) (viii) an employee may be dismissed at any time but for a first offence under section 13(c)(xii) no worker shall be dismissed. In the present case, however, all the charge-sheeted persons were alleged to have been committed misconduct under section 13(c) (viii) of the Standing Orders. In the present case I have considered the statements of the witnesses of both the sides and also the documentary evidence and I am satisfied that the delinquents were duly charge-sheeted, that they were given opportunity to submit their explanation in reply to the charge-sheet, that at the enquiry charges were explained to the delinquents who were given opportunity to be represented at the enquiry, that the company's witnesses were at first examined and then offered for cross-examination by the delinquents and that the delinquents were also given sufficient opportunity to make statement and to examine defence witnesses. I am also satisfied that the records of the proceedings were faithfully prepared at the enquiry. After the conclusion of the enquiry,

according to the Standing Orders, the delinquents were given notice under section 13(g) offering an opportunity for making representation through union official before the passing of the order of dismissal or suspension as punishment. In fact, representation by the union was made before the Manager who gave patient hearing. I have marked the demeanour of the witnesses on the side of the union and also by the way in which they gave evidence. They made statements like parrots and their evidence I cannot accept as true. O.P.Ws. 1 and 2 gave straightforward evidence and I verily believe that the records of proceedings appearing in Exts. U and U/1 are genuine. I am also satisfied that the enquiries were held as stated by O.P.Ws. 1 and 2 according to the principles of natural justice and the Standing Orders of the company. There had been no occasion at the enquiry to cause any prejudice to the charge-sheeted persons who got proper opportunity for their self-defence. I have also considered the findings arrived at by the enquiring officers. In the findings reasons are given. The findings are not without any basis. They are reasonable based on legal evidence collected at the enquiry. I do not find any basic error of fact there.

It has been argued from the side of the union that no sufficient time was given to the delinquents after the charge-sheet for giving evidence at the enquiry. It has been submitted that after the submission of the explanations in reply of the charge-sheet the delinquents should have been given some time. The evidence shows that the delinquents got sufficient time to prepare themselves for the enquiry. Moreover, none of the charge-sheeted persons prayed for time for getting ready or for adjournment of the hearing at the enquiry. All opportunities were given to the delinquents for proper representation of their cases with the help of their co-workers. The management made arrangement for bringing the witnesses and the representatives on the side of the charge-sheeted persons if so desired. There had been no occasion to prejudice the case of the delinquents.

It has been contended from the side of the workmen that according to the section 13(e) of the Standing Orders the Manager should have recorded his reasons if he finds the explanation unacceptable. In this case this provision has been complied with. The records of the proceedings will show that the explanations submitted by the delinquents were recorded and that the findings will show that the explanations were not accepted by the Manager. In the present case there has been some delay in taking disciplinary action against the delinquents and from the evidence of O.P.W.1 it will appear that he gave reasons for delay in giving the order of punishment. O.P.W.3 Alexander Elliot, the Manager who issued charge-sheets has stated that had he issued the charge-sheets on the day of incident the workmen would have been more violent as the situation was so tense. This was the reason why there was some delay in issuing the charge-sheet. Moreover, delay was further due to the fact that charge-sheets had to be cyclostyled. In this case therefore the delay was reasonable. The facts and circumstances do not show that the conduct of the company was motivated or that there was any want of good faith.

Lastly, it has been argued on the side of the union that the company acted mala fide in the matter of inflicting punishment. It has been argued that for similar offence one set of delinquents were dismissed while those of list "B" were simply suspended for different periods. The evidence on this point is that 14 persons of list "B" approached the management and expressed their regret. The management considered their representation and as they regretted, they were leniently dealt with. This action on the part of the company is not unreasonable. It is to be noted that one of these persons have been produced by the union to give evidence that the workmen did not approach the management and express any regret. It is to be particularly noted that of so many charge-sheeted persons only 12 have been examined before the Tribunal to challenge the propriety of the enquiries. I have got the unreliable evidence of the charge-sheeted persons on the one side while on the other I accept the evidence of O.P.Ws. 1 and 2. Their oral evidence has been duly corroborated by documentary evidence and the circumstances of this case. Other charge-sheeted persons have not come forward to challenge the enquiry. In these circumstances I held that the enquiry was bona fide and that the company was justified to use its bona fide discretion in the matter of meting out punishment of different degrees to the different delinquents, that the company had no particular malice against the workman in question will be evident by the fact that in spite of the issue of the charge-sheets the delinquents were not suspended but allowed to work pending enquiry.

In the facts and circumstances of this case I therefore hold that the workmen were duly charge-sheeted and given opportunity to give a reply thereto, that proper domestic enquiries were held according to the principles of natural justice allowing reasonable opportunity for self-defence, that the Standing Orders of the company were followed, that the findings of the enquiring officers were reasonable and not perverse, that there has been no basic error of fact and that the enquiries were bona fide. I am also satisfied that the management following the Standing Orders properly dismissed the charge-sheeted persons according to law. The dismissals were bona fide. The orders of suspension passed against the workmen mentioned in this list "B" are also reasonable and justified.

In view of my findings above, it is not necessary to go into the merits of the case to see whether, in fact, the allegations made in the charge-sheet are true according to the evidence adduced before me. In the result, the issues Nos. 1 and 2 are decided against the workmen. They are not entitled to any relief.

No. 1407-I.R./IR/11L-303/65.—6th April 1967.—Whereas under the Government of West Bengal, Labour Department, order No.4913-I.R./IR/11L/363/65, dated the 22nd December, 1966, the industrial dispute between Messrs. Rawal Rubber Works, 1 Sugar Works Lane, Cossipur, Calcutta and their workmen represented by Rawal Rubber Works Mazdoor Sangh, 6 Muralidhar Sen Lane, Calcutta-7, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (Act 14 of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (Act 14 of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure herto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Rawal Rubber Works, 1 Sugar Works Lane, Cossipur, Calcutta, and their workmen represented by Rawal Rubber Works Mazdoor Sangh, 6 Muralidhar Sen Lane, Calcutta-7. (Case No. VIII-467/66.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K DATTA GUPTA, Judge,
Third Industrial Tribunal.

For the Union : None.

For the Company : Shri Biswanath Ash, Advocate.

AWARD

By order No. 4913-I.R./IR/11L-303/65, dated the 22nd December 1966, the Government of West Bengal, in the Labour Department, referered under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Rawal Rubber Works, 1 Sugar Works Lane, Cossipur, Calcutta, and their workmen represented by Rawal Rubber Works Mazdoor Sangh, 6 Muralidhar Sen Lane, Calcutta-7, regarding the matters specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notifiction No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the refusal of employment of Shri Ranijt Upadhyay is justified ? To what relief, if any, is he entitled ?

On receipt of the order of reference usual notices were issued on the parties fixing 25th January 1967 for their appearance as also for filing of written statement by the union. Notices were duly served and both parties appeared. No written statement was, however, filed by the union on that date, and it put in a petition for time to file written statement. The petition was allowed and time extended till 20th February 1967 for filing of written statement by the union. On 20th February 1967 neither the union nor anybody on behalf of the workers appeared. No step was also taken by the union.

Considering the importance of the issue under reference, notwithstanding the non-appearance of the union on 20th February 1967 the case was adjourned till 17th March 1967 for filing of written statement by the union. Again on 17th March 1967 the union and the worker failed to appear and from this continued non-appearance of the union and the workmen it can easily be presumed that none of them is any more interested in the issue under adjudication. Accordingly a "no dispute" award on the footing that industrial dispute under referen e no longer exists, is passed.

This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For Outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Indian Statistical Institute, 203 B. T. Road, Calcutta-35 and their workmen represented by Indian Statistical Institute Workers' Association, 203 B. T. Road, Calcutta-35. (Case No. 211 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Institute : Shri S. C. Sen and Shri B. K. Mukherji, Advocates.

Present for the Union : Shri P. K. Sanyal, Advocate, assisted and instructed by Shri Kali Banerjee, Advocate, and Shri Patit Poban Pathak, an officer of the Union.

Originally this industrial dispute between the Indian Statistical Institute and its workmen was referred to the First Industrial Tribunal under G.O. No. 5367-I.R/IR/11L-193(A)/64, dated the 10th October 1964, for adjudication. Subsequently on retirement of the Judge of the said Tribunal Government withdrew the above reference from the First Industrial Tribunal, and referred the same to this Tribunal under section 16 of the Industrial Disputes Act by its order No. 2325-I.R./IR/11L-193(A)/64, dated 9th June 1966, for adjudication.

The issue for adjudication as given in the schedule to the order of reference is as follows:—

Issue

Whether the termination of service of Sm. Uma Sen is justified ? To what relief, if any, is she entitled ?

Usual notices were served on the parties who appeared and filed their respective written statements. After filing of documents the case was taken up for hearing. At first the Institute examined two witnesses to prove its case. Thereafter the Union examined Sm. Uma Sen, the concerned workman. Several documents were marked exhibits on either side.

The case of the Union inter alia is that Sm. Uma Sen is a qualified nursing sister holding foreign training and diploma. She was appointed as a nursing sister attached to the Haematological Unit of the Institute. After some time by office order No. C 9277, dated 31st January 1963/5th February 1963 she was charge-sheeted for alleged insubordination and she submitted her reply to the same. But before the enquiry, she was suddenly transferred to another department of the Institute, viz., Family Planning Unit. Meanwhile there was an enquiry into the charges against her and she was exonerated on 13th May 1963. Again on the very next day, i.e., 14th May 1963, Sm. Sen was served with another charge-sheet containing false and mischievous allegations, and she was immediately placed under suspension. The Union contends that on her transfer to the Family Planning Unit Sm. Sen was given job of card writing which is generally done by junior computors or clerks in the Institute. She made it abundantly clear that she could not be

expected to undertake inferier jobs. But the authorities did not clarify this position. She replied to the charge-sheet on 18th May 1963. Then after remaining silent for over two months the authorities intimated her that the enquiry into the second charge-sheet would be held on 29th July 1963 on which date the result of the enquiries into the first charge-sheet was made known to her. Sm. Sen informed the authorities that she had already made over to the Union all necessary papers which were in a process of examination by experts, and she prayed for a week's time to enable her to collect the papers and appear before the enquiry officer. But it could be gathered subsequently that the authorities had held the enquiry in absence of Sm. Sen, and terminated her services. The Union, therefore, prays for an award directing the Institute to reinstate Sm. Uma Sen to her original place of work, i.e., Haematological Unit and pay her all back salary.

In the written statement filed by the Indian Statistical Institute three technical objections have been taken which are as follows :—

(a) That the Institute is not an industry as defined under the Industrial Disputes Act:

(b) That the appropriate Government is not the Government of West Bengal, but the Government of India ; and

(c) That Sm. Uma Sen is not a workman as contemplated in the Industrial Disputes Act.

It is contended that the reference is bad on these three grounds. Then, regarding the merits of the case, it is pleaded by the Institute that Sm. Sen was appointed by letter, dated 25th October 1961, as a nursing sister in the Haematological Research Unit of the Research and Training School of the Indian Statistical Institute with effect from 1st November 1961. It was, however, found that she was not pulling on well with Dr. Sujata Choudhury who was her superior, and incharge of the Unit. Certain complaints were made by Dr. Sujata Choudhury against Sm. Uma Sen. A charge-sheet was issued against her on 31st January 1963/5th February 1963. She replied to that. While the preceedings were being conducted, a situation arose in which Dr. Sujata Choudhury found it impossible to keep her in her unit and, accordingly, in the interest of smooth working Sm. Uma Sen was transferred to the Family Planning Unit of the Institute on 6th March 1963. But shortly after her transfer to the new unit, it was reported that she was taking a very unhelpful attitude and was systematically flouting the order given to her by her superior officer Dr. Anima Sen Gupta who was incharge of the Family Planning Unit. The position became so acute that a charge-sheet was to be issued again against her on 14th May 1963. Regarding the first charge-sheet, the enquiry was started on 24th April 1963, and it ended on 30th May 1963. The second charge-sheet, dated 14th May 1963, was issued after several complaints had been received against her from her superior Dr. Anima Sen Gupta. Sm. Sen submitted her explanation on 17th May 1963, and the Institute by letter, dated 6th June 1963, informed her that Shri S. P. Bhattacharya had been appointed for conducting the enquiry into the charges against her. She was given time of 5 days for making further statement, if any, either in person or in writing to Shri Bhattacharya. Sm. Sen by her letter, dated 14th June 1963, made further submissions in this respect. Next, by letter, dated 23rd July 1963, Sm. Sen was informed that the enquiry would be held on 27th July 1963. On receipt of this notice Sm. Sen by her letter, dated 25th July 1963, informed the Institute that for some unavoidable circumstances it would not be possible for her to appear before the enquiring officer on 27th July 1963. Accordingly the enquiry was adjourned till 29th July 1963, and this date was intimated to her by a letter, dated 25th July 1963. It was stated in it that if she would fail to appear on that date, the enquiry would be held exparte without any further reference to her. Sm. Uma Sen did not, however, appear on the second date. On the other hand, she by a letter, dated 29th July 1963, intimated that it would not be possible for her to attend the enquiry proceeding as papers ralating to her case were lying with the Union. The enquiry officer did not find any justification for postponing the enquiry and, accordingly, held the enquiry exparte. The report of the enquiring officer was submitted on 24th August 1963 wherein it was stated that Sm. Uma Sen was found guilty of the charges levelled against her. The authorities of the Institute agreed with the findings and recommendations of the enquiry officer for 'discharge' of Sm. Uma Sen from a suitable date instead of 'dismissal', and order to this effect was passed by the Joint Director Shri S. Basu on 23rd October 1963. Meanwhile, the Union took up the matter with the Labour Directorate, and the latter requested the Institute to send its comments on the matter. The Institute thereupon by a letter, dated 13th November 1963, explained the entire matter and informed the Labour Commissioner that the management had decided to 'discharge' Sm. Sen. Thereafter various correspondence passed between the Institute and the Labour Directorate, but no advice or suggestion was received by the Institute from the Labour Directorate regarding the merits of the case. Then, aftre vainly waiting for advice from the Labour Directorate, the management by letter, dated 20th March 1964, terminated the services of Sm. Uma Sen. The Institute submits that the order of discharge was justified and proper, and Sm. Sen is not entitled to any relief.

Though the Institute pleaded some technical objections, neither party prayed for any preliminary hearing on these points, and both the parties agreed that technical points might be decided along with the merits of the case, for the sake of convenience. Accordingly, the parties adduced evidence on all the points, and the Institute examined O.P.W. 1 Shri S. P. Bhattacharya, who held the enquiry into the charges, and O.P.W. 2 Dr. Anima Sen Gupta, while the Union examined P. W. 1 Sm. Uma Sen, the concerned employee (now Sm. Uma Haldar).

Admittedly, Sm. Uma Sen applied for appointment in the Institute by making an application

(vide Ext. D, dated 5th September 1961) to Dr. Sujata Choudhury wherein she stated her qualifications, and this shows that she had taken inter alia a course in Family Planning under the International Planned Parenthood Federation of London. She was at first appointed as a nursing sister in the Haematological Research Unit of the Research and Training School of the Indian Statistical Institute with effect from 1st November 1961 by office order, dated 25th October 1961 (Ext. A-1). Admittedly, she was not pulling on well with the head of this Unit, namely, Dr. Sujata Choudhury, and the latter issued a charge-sheet against her. We are not concerned with that charge-sheet in the present reference. It appears that Sm. Sen was transferred to the Family Planning Research Unit with immediate effect by order, dated 6th March 1963 [Ext. A(3)], and she was asked to report for duty to Dr. Anima Sen Gupta. The joining report of Sm. Sen is Ext. A(4), dated 7th March 1963.

It appears from the evidence that when Sm. Sen reported to Dr. Anima Sen Gupta, the latter gave her a few cards called Bench Mark Survey Cards on family planning, and directed her to fill up the cards by taking the data from Bench Mark Schedule. But she did not complete this work and only 5 cards were partly filled up by her, and these are Exts. B to B-4. Sm. Sen protested against assignment of such job to her saying that such job was not the duty of a nursing sister. Dr. Sen Gupta asserts that the job of filling up of cards is a part of research work of the Family Planning Unit to which Sm. Sen was posted, and hence she was given this job. Dr. Sen Gupta says that she herself fills up those cards occasionally, and two of such cards, Exts. B-5 and B-6, have been produced to prove this fact. On 11th March 1963 Sm. Uma Sen wrote a letter (Ext. A-5) to Dr. Sen Gupta alleging that the work of writing out cards is a clerical work which a Public Health Nurse is not required to do unless she was included in the Survey. On 13th March 1963 Dr. Sen Gupta reported to the Joint Secretary that Sm. Uma Sen was an unwilling worker, and also insubordinate (vide Ext. A-6). On the same date she further reported to the Joint Secretary that Sm. Sen was not using the Family Planning Clinic where her accommodation was arranged and also that she was absenting herself from this unit (vide Ext. A-7). By the letter Ext. A-8, dated 14th March 1963, Dr. Sen Gupta drew the attention of Sm. Sen to these facts. Dr. Sen Gupta again reported to the Joint Secretary on 20th March 1963 that Sm. Sen was absenting herself from duty after simply recording her attendance since 11th March 1963 (vide Ext. A-9). Next, on 18th April 1963 Dr. Sen Gupta wrote a letter (Ext. A-10) in reply to Sm. Uma Sen's letter, dated 11th March 1963, explaining that as she was attached to the Research Unit, she was assigned to fill up the information in the survey cards from the bench mark survey schedules as a part of Research work. In this letter she further assigned to Sm. Sen the duty of home visits for contact work from 23rd April 1963. Sm. Sen replied to this letter on 19th April 1963 (vide Ext. A-12) in which she states that unless her status and position are clarified it will be difficult for her to comply with the assignments allotted to her, and she also reiterated that the filling up of cards is not the function of a nursing sister. Dr. Sen Gupta replied by letter Ext. A-13, dated 22nd April 1963, that the assignment to her had been clearly explained to her beforehand, and she further informed Sm. Sen that the work allotted to her was definitely a part of Research work, and that she herself (Dr. Sen Gupta) has got to do such work when occasion demands. It may be noted that Dr. Sen Gupta has given another letter to Sm. Sen on 18th April 1963 alleging that she was habitually disappearing from the unit (vide Ext. A-11). On 3rd May 1963 Dr. Sen Gupta submitted a further report to the Joint Secretary against Sm. Uma Sen (vide Ext. A-15). It appears that Sm. Sen replied to all the letters on 10th May 1963 and in this letter she admitted that every research worker has to do certain amount of computational or clerical work. But she raised a new point as to whether Dr. Sen Gupta would recognise Sm. Uma Sen as a research worker and, if so, at what level and status (vide Ext. A-16). Thereafter a charge-sheet was served on Sm. Uma Sen on 14th May 1963 by the Joint Secretary (Ext. A-17) and she was placed under suspension. Sm. Sen replied to the charge-sheet by a letter, Ext. A-18, dated 17th May 1963. The Joint Secretary informed her on 6th June 1963 that Shri S. P. Bhattacharya, Deputy Chief, Development Works, would hold the enquiry into the charges against her and she was asked to send her defence within 5 days (vide Ext. A-19). On receiving this notice Sm. Sen wrote a letter, dated 14th June 1963 (Ext. A-20), to Shri Bhattacharya making out her case. She was thereupon informed by Shri D. K. Roy, Secretary to the enquiry officer, by letter (Ext. A-21), dated 23rd July 1963 that Shri Bhattacharya would conduct the enquiry on 27th July 1963 at 11 a.m. in his office at the Development Workshop. On 25th July 1963 Sm. Sen intimated Shri Roy that it would not be possible for her to appear on 27th July 1963 (vide Ext. A-22). Upon this prayer the time of enquiry was extended and the next date was fixed on 29th July 1963, as it would appear from the letter of Shri D. K. Roy, dated 25th July 1963 (Ext. A-23). But on that date also Sm. Sen did not appear before the enquiry officer. On the other hand, she left a letter (Ext. A-24), dated 29th July 1963, in the Central Office at 11 a.m. wherein she stated that her papers were lying with the Union and were being examined by their experts, and she also complained that she noticed an eagerness for an exparte decision in the matter. She even went to the length of alleging the proposed enquiry to be a 'so called enquiry', and in her opinion it was a meaningless enquiry.

We get from Shri S. P. Bhattacharya, O.P.W. 1 that the letter Ext. A-24, dated 29th July 1963, was received by him when he had already commenced the enquiry at about 11-30 a.m. after waiting for Sm. Uma Sen for some time. According to Shri Bhattacharya the distance of the Central Office from the place of enquiry would be 100 yards, while Sm. Sen says that it would be about 10 minutes' walk. Sm. Sen left this letter, dated 29th July 1963, in the Central Office at 11 a.m., as would appear from the original letter, Ext. 25, but she did not care to go to the place of enquiry and explain the circumstances to the enquiring officer. In her first letter for time, dated 25th July 1963, she did not

give any reason for her inability to attend the enquiry proceeding. Neither did she state any time when she would be able to attend the enquiry proceeding. The tone of the letters Exts. A-23 and A-24 will show that she was not at all serious in the matter and she intentionally avoided the enquiry. Shri Bhattacharya rightly says that on receiving Sm. Sen's letter, which was brought to him by some employee of the Central Office, he thought that no useful purposes would be served by postponing the enquiry any further and, accordingly, he held exparte proceeding. The learned Advocate for the Union argued that the enquiring officer himself went to see the 'cards' which were not filled up by Sm. Sen, as alleged by Dr. Sen Gupta, and this act on the part of the enquiry officer was not fair. But I cannot agree with this contention of the learned Advocate. It was the duty of the enquiry officer to be satisfied if there were really foundations of the charges levelled against Sm. Sen, and so he rightly went to see the cards himself. The proceedings of the enquiry along with the report of the enquiry officer have been produced (vide Ext. A-25). The evidence given by Dr. Anima Sen Gupta before that officer is Ext. A-25(1). From all these facts and circumstances it is clear that Sm. Sen was given ample opportunity to appear and explain her conduct before the enquiring officer, but she deliberately refrained from doing so, and took up a hostile attitude against the enquiry itself. There is nothing to show that the domestic enquiry was unfair and improper.

On the report of the enquiry officer the Joint Director wrote a letter to Sm. Sen, dated 30th March 1964 (Ext. A-26), intimating that she was found guilty of the charges for which in the ordinary course she would have been liable to be dismissed from service. But the Administration decided that ends of justice would be served if her services are terminated after giving notice as per the terms of appointment. She was therefore offered one month's pay in lieu of notice together with all other dues to which she would be entitled. It was further said in this letter that the Administration had decided to pay her, as a special case, full wages for the period of her suspension from 14th May 1963 to 31st March 1964, and she was asked to collect her dues. She was also given permission to appeal against the order. It appears from evidence that Sm. Sen preferred an appeal before the Director of the Institute by her letter, dated 3rd April 1964 (vide Ext. 15), wherein she simply stated that the order of termination of her services was unjustified, illegal and against all principles of natural justice. Thereupon the Secretary to the Director intimated Sm. Sen by a letter, dated 17th June 1964 (Ext. 18), that the Director was in agreement with the findings of the enquiry for reasons stated in the report. However, the Director felt that it would be fair to give her an opportunity to send her statement or representation in writing in connection with the case within a month from the date of receipt of the letter. In reply to this Sm. Sen sent a letter, dated 29th June 1964 (Ext. 19), to the Director. But in that letter also Sm. Sen did not make out any clear case. It was decided that Sm. Sen should be given another chance to put in her appearance before the enquiry officer and to have her say and adduce evidence, if any, in support of her case. Accordingly, the Secretary to the Enquiry Officer sent a notice, dated 27th July 1964 (Ext. 20), to Sm. Sen asking her to appear before the officer on 12th August 1964 at 11 a.m. in his office. On getting this notice Sm. Sen wrote a letter to the Joint Secretary on 31st July 1964 claiming withdrawal and setting aside immediately of the order of termination of her services on ground that the Administration had accepted her contention that there had been unjustifiable and irregular methods adopted in terminating her services (Ext. 21). In reply to this the Administrative Officer wrote to Sm. Sen on 3/4th August 1964 (Ext. 22) that her contention was not correct, and the appellate authorities had only given her a chance to present further facts, if any, in her defence, and the order of termination of services would stand in the meantime. Sm. Sen in reply flatly refused to appear before any enquiry that might be held by the Administration unless the discharge order was withdrawn (vide Ext. 23, dated 12th August 1964 and Ext. 24, dated 27th August 1964). Shri S. P. Bhattacharya says that Sm. Sen was given another date for appearing before him again, but she did not appear, and accordingly no further report of enquiry was sent by him.

I have considered all the oral and documentary evidence adduced by both sides in this case. It appears that Sm. Uma Sen since her transfer to the Family Planning Research Unit was indulging in flouting the orders of the Head of the Unit. She deliberately neglected her duties and absented herself from the place of her work without sufficient reason. She even did not appear before the enquiry officer and explain her conduct though she was given ample and repeated opportunities for conducting her case before the enquiry proceedings. I cannot hold that the domestic enquiry was unfair or improper or that the findings of the enquiry officer were in any way perverse. I find no reason to interfere with the findings of the enquiry officer and the steps taken by the Institute against Sm. Sen. The termination of services of Sm. Uma Sen (now Mrs. Haldar) is justified and she is entitled to no relief.

I now come to the technical points of objection raised by the Institute.

Regarding the status of Sm. Sen, she was appointed as a nursing sister, but she was not attached to any hospital. At first she was attached to the Haematological Unit where her main function was to help the doctor in collecting blood, as said by her in her evidence. Thereafter she was transferred to the Family Planning Unit where she was asked to do some sort of clerical works which were connected with research work. Having regard to the nature of her work, I think, she may be called a 'workman' within the meaning of section 2(s) of the Industrial Disputes Act.

The next objection is that the appropriate Government to refer this dispute is the Central Government, and not the Government of West Bengal. Section 2(a) of the Industrial Disputes Act provides inter alia that in relation of any industrial

dispute concerning any industry carried on by or under the authority of the Central Government, the appropriate Government will be the Central Government. Admittedly, the Institute is not run by the Central Government. The learned Advocate for the Institute contends that it is run under the authority of the Central Government. He refers to the Indian Statistical Institute Act of 1959 in this connection. Of course, under the provisions of this Act the Central Government has control over the Institute in some respects, but it cannot be, strictly speaking, said that the Institute is being run under the authority of the Central Government. So I cannot agree with learned Advocate.

Now, coming to the last objection that the Institute is not an 'industry', both sides relied on the case of Delhi University as reported in 1963 (II) L.L.J. 335 (Supreme Court) where it has been held that the work of imparting education carried on by educational institutions is not an 'industry' within the meaning of section 2(j) of the Act. Section 2(j) defines industry as any business, trade, undertaking, manufacture or calling of employers and includes any calling, service, employment, handicraft, or industrial occupation or avocation of workmen.

From the Memorandum of Association of the Institute (Ext. G), the principal objects of the Institute appear to be as follows: "To promote the study and dissemination of knowledge of and research on statistics and other subjects relating to planning for national development and social welfare to provide for, and undertake, the collection of information, investigations, projects, and operational research for purposes of planning and the improvement of the efficiency of management and production".

Of course, the Institute maintains a Development Workshop, and we get from O.P.W. 1 Shri S. P. Bhattacharya, former Deputy Chief-incharge of this Workshop that he joined the Institute in 1945, an attempt was made to carry on Development activities regarding Desk Calculating machine, and the Workshop was engaged in different maintenance activities for the calculating machines which were being used by the Institute. In 1960 license was granted by the Central Government for manufacture of Desk Calculating Machines Punched Card Equipments. At that time development activities on those machines were carried on in large scale for the purpose of ultimately producing these machines in a different establishment, viz., Messrs. Sankhya-Jantra (P) Ltd. According to Shri Bhattacharya, this was a different entity and not a part of this Institute. He further says that technical assistance by way of producing components of the nature of high precision was also rendered to some outside organisations including the Defence Establishment, by this Development Workshop which was assisting other workshops in repair works. The Development Workshop designed, produced and also repaired one Radar at Dum Dum Air Port for civil aviation. This Workshop gives services to some other companies by executing orders of complicated nature and involving high order of mechanism.

It appears that though the Institute runs a Workshop where some jobs are conducted in business-like way, it is separate from the principal organisation which is a non-profit-making Society established for a specific purpose in furtherance of national development and social welfare. It may be noted that in the preamble of the Indian Statistical Act, 1959, the Institute has been declared as an institute of national importance. The principal object of the Institute is to carry on research work, and in this sense it is of the nature of an educational institute. The Union has produced a circular (Ext. 1) wherein it is stated that Electronic Data Processing and Computation Unit (EDPCU) had been formed for the purpose of operating the IBM 1401 Electronic Data Processing System and auxiliary equipment on business like lines. But paragraph 2 of this circular shows that the EDPCU will function as a separate direct enterprise of the Institute outside the Research and Training School and other existing divisions or projects. It is thus clear that Research Units are not connected with the Workshop.

From the appointment letter, Ext. A-1, it appears that Sm. Uma Sen was appointed in the Haematological Research Unit of the Research and Training Institute of the Indian Statistical Institute. She was subsequently transferred to the Family Planning Research Unit. So she was connected with the research work carried on by the said Unit. In the circumstances the dispute is not an 'industrial dispute' and, accordingly, the reference is not maintainable.

However, conceding for the sake of argument the dispute is an industrial dispute and the reference is good, I have already shown that on the merits of the case also Sm. Uma Sen is not entitled to any relief.

This is my award.
